

BRADFORD

*Chamber of Commerce.*

(INCORPORATED).

---

SEVENTY-FOURTH

ANNUAL REPORT

FOR THE YEAR

1924.

---

BRADFORD :

WM. BYLES AND SONS, PRINTERS, KIRKGATE.

# Bradford Chamber of Commerce.

(INCORPORATED).

---

The objects for which the Chamber is established are:—

- To promote and protect the trade, commerce, and manufactures of Bradford and district, and the Home, Colonial, and Foreign trades of the United Kingdom.
- To initiate, promote, support, or oppose legislative or other measures affecting the aforesaid interests.
- To represent, express, and give effect to the opinions of the commercial community on commercial questions.
- To collect and disseminate statistical and other information relating to trade, commerce, and manufactures.
- To undertake by arbitration or otherwise the settlement of disputes arising out of commercial transactions.
- Generally to do all such other lawful things as may be conducive to the extension of trade, commerce, or manufactures, or incidental to the attainment of the above objects.

---

Any member of the Chamber, on giving two days' notice to the Secretary, may attend any ordinary meeting of the Council, with liberty to speak on any subject under discussion.

The Meetings of the Council are usually held on the first Tuesday after the 20th of each month, at 2.30 p.m.

## SEVENTY-FOURTH ANNUAL REPORT, 1924.

---

Your Council have pleasure in submitting their report of the work of the Chamber during the past year.

In international and in national affairs, 1924 was a memorable year. It witnessed much progress in the building-up of more stable international relations, and good work towards the development of British trade the fruits of which are yet to be realised.

In April, the reports were issued of the two international Committees of Experts which had been appointed to consider Germany's capacity to pay Reparations, and the best methods by which such payments could be made. The most important of these, known as the Dawes Report, laid down a definite scale of payments and enumerated the sources from which the money was to be provided; and this Report was finally adopted in its entirety by the Governments concerned, and at the London Conference held in August the necessary arrangements for bringing the scheme into operation were agreed upon. The scheme involved the creation of a new German currency, to secure the stability of which, and

also to finance reparation deliveries in kind, an international loan to Germany of £40,000,000 was declared to be necessary. This loan was successfully floated, principally in America and Great Britain, the issues being everywhere heavily over-subscribed.

From the British Imperial standpoint, the outstanding event of the year was the British Empire Exhibition, an enterprise on a scale quite without precedent, which attracted to this country a very large influx of Colonial and foreign visitors. Although the financial results of the Exhibition disappointed the hopes of the promoters—for which the unusually inclement weather was largely to blame—in every other respect it was successful beyond expectation. The display of Empire products and British manufactures impressed all visitors by its wonderful range and variety, by its high standard of quality, and by the technical efficiency to which it bore witness. Millions of people came to realise for the first time how vast are the resources and capacities of the Empire, and how completely it is capable of satisfying the needs of its people by its own productions.

Late in the year, a treaty of commerce was negotiated with Germany, and it is to be presented to Parliament for ratification. It secures most-favoured-nation treatment for the manufactures of Great Britain in the German market, and it is hoped puts an end to the anomalous state of things with regard to the products of Alsace-Lorraine, against which this Chamber has frequently protested.

Two Conferences of very great importance were held under the auspices of the Chamber during the year. The first was in continuation of the Conference held in Roubaix in January, 1921, when it was found impossible to complete the discussion of the many subjects

considered, and it was therefore agreed to hold a second session in Bradford. Accordingly, in June, 1924, twenty-eight delegates representing the wool-textile industry of Roubaix-Tourcoing were welcomed in Bradford at a Conference in which the Chamber and the Trade Federations of the city took part.

In September, the President took advantage of the presence in this country of a large number of Colonial Wool-growers to arrange a Conference between wool-growers and wool-users on matters affecting their common interests. A large number of guests accepted the invitation, and the proceedings were of great interest. Details of the subjects discussed are given below, under their appropriate headings.

Good results have already accrued, and further results of the greatest value are anticipated from these discussions, and the policy of thus bringing into personal contact those engaged in various spheres of activity connected with the wool textile industry, to consider together the difficulties which may from time to time arise, is one capable of extension to the great benefit of all concerned.

The Bank Rate was unchanged throughout the year at 4 per cent.

The value of the £ sterling in U.S. dollars was 4·31½ on January 1, 1924, and 4·74¾ on January 1, 1925, a difference of exactly 10 per cent. The lowest point of the year was 4·20 in January; the highest point was the last quotation of the year.

---

## Organisation.

**Resignation of Mr. P. Anderson.**—Sir Henry Whitehead reported to the Advisory and Finance Committee on the 15th January his interviews with Mr. Anderson in regard to his desire to retire from the Secretaryship on account of advancing years and the duties devolving upon him becoming increasingly onerous. The Committee decided to accept Mr. Anderson's resignation with effect from the 29th February, 1924, and that he be appointed Consulting Secretary of the Chamber as and from the 1st March on the terms arranged. Mr. Anderson's resignation was afterwards announced at the meeting of the Council which was held on the 29th January. Many members of the Council expressed their appreciation of the manner in which Mr. Anderson had carried out his duties during his 17 years of office, and it was unanimously agreed that steps should be taken to express their appreciation of his services in a substantial manner, and that the members of the Chamber be invited to contribute to a fund for that purpose.

A presentation was made to Mr. Anderson at the Annual General Meeting of Members on the 19th February, and a total amount of £673 4s. 10d. was handed to Mr. Anderson.

Mr. Anderson suitably acknowledged the gift, and thanked the members for the courtesy and kindness which had always been shown to him.

**Appointment of New Secretary.**—Following the acceptance of Mr. Anderson's resignation, the Advisory Committee met on the 29th February for the purpose of discussing the vacant Secretaryship, and Mr. H. T. Tulloch was appointed Secretary, and Mr. B. Leach Assistant Secretary, with effect from the 1st March.

**Membership.**—75 new members have been elected during the year, and deducting a loss of 30 from various causes, a net increase of 45 is recorded. On the 31st December, 1924, the membership of the Chamber consisted of 2 Life Members, 7 Honorary Members, and 1,329 Ordinary Members, making a grand total of 1,338.

**Meetings.**—During the past year 174 meetings have been held, as compared with 194 in 1923. These include Meetings of the Members, of the Council, its Committees, Trade Sections, Conferences, and other meetings at which the Chamber has been represented.

**Finances.**—The Hon. Treasurer and the Hon. Auditor report that the finances of the Chamber are in a satisfactory condition.

**Annual General Meeting.**—The Seventy-fourth Annual General Meeting of the Members of the Chamber was held on Tuesday, 19th February, 1924, Sir Henry Whitehead, J.P., President, in the chair. The business, as usual, consisted of the adoption of the Annual Report and Accounts for the preceding year, and the declaration of the result of the voting by members for the vacancies occurring on the Council.

**Changes in the Council.**—In accordance with the Articles of Association, 10 vacancies occurred on the Council by the usual retirement of members. Nineteen members having been nominated, Voting Papers were distributed to all the members of the Chamber, and when these returns had been duly enumerated and scrutinised the following gentlemen were declared at the Annual General Meeting of Members to be duly elected:—

Mr. Dudley G. Ackroyd.

Mr. W. Andrews.

Mr. W. H. Arnold-Forster, J.P.  
 Mr. F. A. Aykroyd.  
 Mr. T. A. Corry.  
 Mr. J. Denison.  
 Mr. Gerald R. Gaunt.  
 Mr. J. H. C. Hodgson.  
 Mr. James D. Law.  
 Mr. Thos. Sowden, J.P.

Vacancies occurred owing to the death of Mr. W. H. Shaw and the resignation of Mr. George Booth, and the undermentioned gentlemen were elected to the Council:—

Mr. J. W. Buckle.  
 Mr. H. Haigh.

Messrs. E. R. Firth and F. D. Moore, J.P., also retired under No. 17 of the Articles of Association. Both these gentlemen expressed their willingness to offer themselves for re-election, and at the Annual Meeting of the Council on the 26th February they were unanimously re-elected.

A General Election was held on the 25th October, when the under-mentioned gentlemen were elected Members of Parliament for Bradford and Shipley respectively, and therefore became members of the Council:—

Ald. T. D. Fenby, M.P.  
 Lt.-Col. A. Gadie, T.D., M.P.  
 Mr. W. Hirst, M.P.  
 Mr. Eugene Ramsden, M.P.  
 Mr. W. Mackinder, M.P.

**Honorary Members of the Council.**—The under-mentioned gentlemen were unanimously elected Honorary

Members of the Council at the Annual Meeting of the Council held on the 26th February:—

The Rt. Hon. Lord Barnby.  
 Sir James Hill, Bart., J.P.  
 Sir James Roberts, Bart, J.P.  
 Mr. George Douglas.  
 Mr. William Watson, J.P.

**Co-opted Members of the Council.**—At the same meeting the following gentlemen were co-opted members of the Council:—

Sir W. E. B. Priestley, J.P.  
 Lt.-Col. The Hon. F. V. Willey,  
 C.M.G., C.B.E., M.V.O.  
 Mr. James Ewing.  
 Mr. E. E. Thackery.

Mr. J. Horace Lockwood was unanimously co-opted a member of the Council on the 25th March.

**Election of Officers.**—The following gentlemen were elected to office for the ensuing year, at the Annual Meeting of the Council, held 26th February:—

Mr. F. A. Aykroyd, President.  
 Sir W. E. B. Priestley, J.P., Senior Vice-President.  
 Mr. J. Emsley, J.P., Junior Vice-President.  
 Sir J. H. Robinson, J.P., Hon. Treasurer.  
 Mr. W. T. Butterfield, F.C.A., Hon. Auditor.

**Election of Representatives.**—The following were elected the Chamber's representatives on the under-mentioned Committees:—

*Association of British Chambers of Commerce Executive Council:*—

Sir W. E. B. Priestley, J.P.  
 Mr. J. H. C. Hodgson.

*International Chamber of Commerce, British Executive Committee:—*

Mr. J. H. C. Hodgson.

*British Imperial Council of Commerce:—*

Mr. J. H. C. Hodgson.

*Conditioning House Advisory Committee:—*

Sir Henry Whitehead, J.P.

Col. G. Hoffmann, J.P.

Mr. F. D. Moore, J.P.

*Bribery and Secret Commissions Prevention League:—*

Mr. H. Sutcliffe Smith.

*Leeds University Economics & Commerce Committee:—*

Sir J. H. Robinson, J.P.

Mr. F. D. Moore, J.P.

*Empire Cotton Growing Corporation, Administrative Council:—*

The President or his Deputy.

*West Riding Traders' Railway Association:—*

Mr. F. A. Aykroyd.

Sir W. E. B. Priestley, J.P.

Sir Henry Whitehead, J.P.

Mr. James Ewing.

Mr. J. R. Pollit.

Mr. H. Sutcliffe Smith.

**Losses by Death.**—The Council have to report with much regret the loss to the Chamber and the trade of Bradford and district by the death on the 12th January of Mr. W. H. Shaw, who had been a member of the

Council for five years (from 1919 to 1924), and the death of Mr. W. A. Whitehead, J.P., who had been a member of the Council for the long period of 34 years, and was President of the Chamber during 1899 and 1900. Resolutions expressing the Chamber's sense of the loss suffered by the business community and of sympathy with the relatives of the deceased gentlemen were passed by the Council and appropriate letters were forwarded.

**Monthly Journal.**—The August number of the Monthly Journal of the Chamber was the first of the fifth volume, and the opportunity was taken to make changes in the typography and to use a new cover-design, more suited to the character of the publication. The Journal continues to be widely quoted at home and abroad, giving valuable publicity to the work of the Chamber and to the decisions of the Council on matters of current public interest.

As there is no sale circulation, the editor is deprived of that ready test of popularity which is supplied by the figures of sales of ordinary newspapers. Expressions of opinion from members are therefore all the more welcome, and especially suggestions as to new features which might usefully be included. A monthly journal is of course valuable rather for record purposes than for news, and it will be found that the index which is annually issued with the August number offers a ready means of reference to all matters of interest to the industry and commerce of the City.

**Complimentary Dinner to Sir Henry Whitehead.**—On entering upon his office the new President (Mr. F. A. Aykroyd) suggested that the members of the Chamber should tender a Complimentary Dinner to Sir Henry Whitehead, J.P., in recognition of his work during the three years' term of his Presidency.

The Dinner was held at the Midland Hotel, Bradford, on the 5th April, 1924, when some 130 members of the Chamber attended. The toast of "Our Guest" was proposed by the President, and supported by the Right Hon. Lord Barnby, Mr. David Little, and Mr. H. Sutcliffe Smith, all of them speaking in glowing terms of the work Sir Henry had performed during his term of Presidency; and Sir Henry Whitehead suitably responded.

**New Premises.**—Continuing the account given on page 28 of the Annual Report for 1923: The Chamber proceeded with the purchase of the new premises at 3a, 5, and 7, Cheapside, and this was duly completed on the 1st April, 1924. It was found during the negotiations that the Articles of Association did not permit the Chamber to hold land, and it was therefore decided that a Private Limited Company should be formed for that purpose. The Chamber's Solicitor was instructed to draw up Articles of Association for the formation of this Company, and the Company was duly registered on the 25th March, under the title of "Commerce Buildings (Bradford) Limited." The Articles of Association are so framed that the work of the Company is controlled by the Council of the Chamber, and that the Directors are elected annually by the Council at its Annual General Meeting.

The New Premises Committee of the Chamber nominated the under-mentioned gentlemen as Directors, to hold office until the Annual Meeting of the Council in 1925:—

Sir Henry Whitehead, J.P.

Sir W. E. B. Priestley, J.P.

Sir John H. Robinson, J.P.

Sir Francis Watson, M.P.

Mr. Walter Andrews.

Mr. F. A. Aykroyd.

Mr. John Emsley, J.P.

Vacant possession of the property was obtained on April 1st, but owing to the exceptional circumstances prevailing the Directors and the New Premises Committee have considered it unwise to proceed with the building. It was therefore decided at a meeting held in December that the building should be let for a period of 3 years.

**Business Credit Department.**—The Department is proving of considerable benefit to the trade, and there are the names of approximately 2,500 firms, in all parts of the world, on the records. Whilst the membership is small, it is very apparent, from the number of new members who have enrolled during the past year, that the trade is becoming acquainted with the benefits to be obtained. Considerable benefit has been obtained by members who have acted on the information placed at their disposal, and several have obtained payments of long outstanding accounts, and have also been protected from opening accounts with, or accepting further orders from, firms whose accounts were already very greatly overdue. It will be realised that only by the co-operation of all members of the trade can full protection be obtained, and now that the Department has obtained a firm foundation, and has proved of considerable benefit to present members, it is hoped that much greater support will be forthcoming in the future.

**Arbitrations.**—During the year the Chamber has again been active in this Department, and Awards have been given in 29 cases. Some of these have been of a highly technical nature and have involved much time and thought on the part of the Arbitrators.

In addition to purely local cases, settlements have been made in cases affecting buyers in the United States, Canada, France, Germany, Italy, Poland, Japan and

China, and it is an encouraging fact, as evidence of the world-wide reputation of the Chamber for fair and unbiassed decisions, that in five of these cases the arbitrations were undertaken on the initiative of foreign firms.

The President and members of the Chamber's Arbitration Committee desire to express their gratitude to the following gentlemen who have willingly given their services at considerable sacrifice of their time and convenience:—

Mr. R. R. Ackernley.	Mr. Leonard Ingham.
Mr. J. H. Bates.	Mr. Richard Ingham.
Mr. E. C. Behrens (2).	Mr. Arthur Knowles.
Mr. Hardy Behrens.	Mr. Geo. Laxton.
Mr. J. Bernhard.	Mr. Ernest Laycock.
Mr. R. T. Booth.	Mr. W. H. Lister, J.P.
Mr. J. E. Bottomley.	Mr. S. Martin.
Mr. C. W. Bridgland.	Mr. A. F. Mombert.
Mr. J. W. Buckle.	Mr. J. Herbert Mortimer.
Mr. T. B. Butterfield.	Mr. Edwin Merrall.
Mr. Geo. Carr.	Mr. G. H. Pepper.
Mr. E. W. Chary.	Mr. J. R. Pollit (2).

Since 1890 636 cases in all have been decided, the numbers during each of the last 35 years being as follows:—

1890, 4.	1897, 6.	1904, 15.	1911, 32.	1918, 4.
1891, 4.	1898, 3.	1905, 14.	1912, 21.	1919, 15.
1892, 7.	1899, 9.	1906, 15.	1913, 29.	1920, 29.
1893, 7.	1900, 15.	1907, 22.	1914, 17.	1921, 69.
1894, 10.	1901, 22.	1908, 36.	1915, 16.	1922, 34.
1895, 4.	1902, 18.	1909, 31.	1916, 12.	1923, 26.
1896, 8.	1903, 21	1910, 25.	1917, 7.	1924, 29.

---

## Taxation Matters.

**Accountants' Section.**—Four meetings of the Section and its Committee were held during the year, and the following subjects, among others, were discussed, suitable recommendations being made on the action to be taken on them:—

Super Tax on Undistributed Income of certain Private Companies.

Amendments to the Finance Act of 1924.

National Debt and Taxation.

E.P.D. and Claims for Losses on Realisation of Stocks held on the 31st August, 1921.

**Super Tax on Undistributed Income of certain Private Companies.**—The Section and Committee gave considerable attention to Section 21 of the Finance Act of 1922, and particularly a case that had been reported in which an appeal had been disallowed. It appeared from the decision in this case, that if the Commissioners were

not satisfied that the dividend paid or proposed to be paid by a Company was a reasonable proportion of the profits, then the Commissioners had no power to vary the assessment made by the Board of Inland Revenue. The practical effect of this decision would be that assessments would be made on the full amount of the statutory income of a company under this Section if the Company were unable to satisfy the Commissioners that the dividend paid was a reasonable proportion of this sum.

A resolution was unanimously carried on the 25th January to the following effect:—

“ In view of the provisions of the Finance Act, 1922, relative to Super Tax on undistributed income of certain companies, this Chamber wishes to impress upon the Chancellor of the Exchequer that in its opinion the tax in question should be imposed on divisible profits, and not upon statutory profits; and that where the Special Commissioners do not find that the dividend declared is a reasonable proportion of the undistributed income, that they shall be empowered to determine the proportion that should have been distributed and on which Super Tax is to be levied and not to be compelled to assess the company on the whole of the statutory income.”

Correspondence took place between the Board of Inland Revenue and the Chamber but the Board of Inland Revenue refused to alter their opinion on the subject.

A similar difficulty had arisen in the Birmingham district and the President of the Birmingham Chamber of Commerce proposed a resolution at the Annual Meeting of the Association of British Chambers of Commerce held 21st and 22nd May, to the following effect:—

“ That in the opinion of this Association, the construction which is placed upon Section 21 of the Finance Act of 1922 by the Inland Revenue—that if it is ruled by the Commissioners that a Part Private Company could reasonably have declared a dividend higher than that actually declared, the Commissioners have no option but to direct that the whole of the undistributed profits for the year in question come within the scope of the Section—is contrary to the intention of the legislature; and

That the Executive Council be requested to arrange for introducing in the forthcoming Finance Bill an appropriate amendment of Section 21 aforesaid, with the view of removing the grievance now complained of."

This resolution was seconded by the Bradford Chamber and as a result an amendment to the Finance Act was placed on the Notice Paper of the House of Commons by representatives of the Association of British Chambers of Commerce.

The Board of Inland Revenue requested the Association to send representatives to confer with them on this subject, and stated that if any cases of hardship were brought before their notice they would give them due consideration.

**Abolition of the Three Years' Average.**—The attention of the Chamber was called to published correspondence in which the London Chamber of Commerce had requested the Chancellor of the Exchequer to abolish the three years' average in assessing income tax. This matter was very fully discussed and the following resolution was unanimously adopted on the 2nd May:—

"That in the opinion of this Chamber it is undesirable that the present method of assessing Income Tax on the average of the three preceding years should be altered."

Later in the year a letter was received from a member requesting the Chamber to take up this question and the matter was again brought before the Council on the 23rd December, when the resolution of the 2nd May was unanimously confirmed.

**Assessment of Property in Bradford.**—The President had his attention called to a meeting of the Board of Guardians to be held on Wednesday, the 1st October, when a resolution would be moved that a re-assessment of property in Bradford should be made.

It was decided that the Chamber should oppose the re-assessment and the following resolution was unanimously adopted:—

“That the Council of the Bradford Chamber of Commerce strongly protests against a further valuation in view of the comparatively recent re-valuation of the City, further that such a valuation is unnecessary and would be a waste of public money, and detrimental to the trade of the district.”

**Lord Mayor of Bradford's Hospital Fund.**—The Hospital Fund raised by Ald. Thos. Sowden, J.P., when Lord Mayor of Bradford, reached a total of £63,276 14s. 2d. and the amounts were handed to the various Institutions by H.R.H the Prince of Wales, on the occasion of his visit to Bradford on May 31st, 1923.

Several members were of the opinion that for purposes of Income Tax, they should be allowed to deduct subscriptions to the Fund in their Trading Accounts. A letter was accordingly addressed to the Board of Inland Revenue, stating the case for this exemption. Correspondence took place for some considerable time with the Board of Inland Revenue and the Secretary had several interviews with the Inspector of Taxes in Bradford with regard to this matter.

It was necessary also to provide the Board of Inland Revenue with a statement of accounts showing the expenditure by the Institutions concerned, of the amount allotted.

As a result of the negotiations, the Board of Inland Revenue agreed, as a general rule, to the allowance of 80 per cent. of these special donations to hospitals as a trade expense in the accounts of the contributors. The allowance was restricted to 80 per cent. on account of the amounts having been applied to capital expenditure by some of the Institutions.

It was also agreed that if any members had been over-assessed for Income Tax or Corporation Profits Tax in this connection, it would be open to them to appeal against the assessment and to claim re-payment of the duty over-paid. It is very satisfactory to record that the efforts to secure admission of this large amount as a trade expense have been successful.

**Taxation of Commercial Travellers.**—The Chamber continually throughout the year brought pressure on the Government and the Association of British Chambers of Commerce to take action with regard to the taxation imposed by Foreign Countries, particularly in Northern Europe, on Commercial Travellers. The International Chamber of Commerce has been approached and it is hoped that there will be some amelioration of the present position in the near future.

---

## Local Trade Matters.

**Anthrax—Disinfection of Goat Hair.**—In apprehension of the danger of anthrax infection from imported raw materials, the Home Office conducted experiments by examination of samples of North African and China Goat Hair, and as a result of these tests they announced a proposed Order in Council by which these materials would be scheduled as subject to disinfection at Liverpool. A meeting to consider the proposed Order was arranged to be held between the Departmental Committee on Anthrax (Disinfection) and all traders who were affected, and immediately steps were taken by the Chamber to organise the opposition of the trade.

At the first meeting with the Departmental Committee strong opposition was raised on the grounds that the tests applied were not adequate in method or number to warrant such extreme action, and also that insufficient warning had been given to traders. As a result a further month was granted within which time the traders could prepare their case. During that period the Chamber convened a meeting of the whole of the affected traders in the United Kingdom, who elected a strong Committee, and at the second meeting with the Departmental Committee the following recommendations were made:—

1. That the number of tests which had been made by the Home Office were altogether insufficient to warrant such drastic action.
2. That further tests should be made of a more comprehensive nature.
3. That if, after these tests had been made, it was found essential to disinfect such material such disinfection should take place in the country of origin.

These recommendations were upheld by such conclusive arguments, that they were accepted by the Departmental Committee who undertook to forward them to the Home Office. Eventually they were agreed to in principle by the Home Office.

With respect to No. 3—viz., that disinfection (if essential) should take place in the country of origin, the Home Office convened a Conference of London importers and users, and the representatives of Goat Hair Traders nominated the following gentlemen to attend on their behalf:—

Mr. Ed. Dumoulin, Chairman.  
 Mr. A. S. Lyles, Deputy Chairman.  
 Mr. H. Ingram.  
 Mr. C. W. Crossley.

At this Conference the London importers (who are the representatives of the Chinese exporting houses) made a definite offer to the Home Office to give every opportunity for installing disinfecting plants in China conforming to their requirements, at as many places as they considered desirable.

The Home Office agreed to take these suggestions into their careful consideration and report upon the matter at a later date.

**Charitable and Other Subscriptions.**—The President intimated in the early part of the year that he had received applications from various charitable and other institutions, requesting the Chamber to raise subscriptions on their behalf, and this matter was brought before the Advisory Committee who were unanimously of the opinion that to comply with such requests would be going beyond the proper functions of the Chamber, and it was agreed that no action should be taken.

The Committee also definitely expressed the opinion that the Chamber should not take part in requests for donations or subscriptions for any object which was not definitely connected with trade or industry.

**Classification of Board of Trade Statistics.**—Correspondence took place early in the year between the Chamber and the Board of Trade with regard to the Classification of Woollen and Worsted Fabrics in the Annual and Monthly Returns issued by that Department. It was pointed out that the present classification was misleading and totally insufficient as a guide to the export trade, and that the cotton industry was much more adequately dealt with.

Later the Board of Trade wrote to the Chamber suggesting that the Chamber should submit suggestions

for a revised classification, and a Committee for the purpose was accordingly set up with Mr. Douglas Hamilton as Chairman.

The Committee went thoroughly into the whole question and Mr. F. J. Newbould, Editor of the Journal, formulated suggestions whereby the present classification could be considerably improved. These suggestions, as amended by the Committee, were submitted to the various Chambers of Commerce in the West Riding, and a complete scheme was prepared which was finally approved by all the Chambers and forwarded to the Board of Trade for their consideration.

The proposals agreed upon by the Chambers will be found in the Appendix (page 122).

**Cloths from Queensland and South Australian Wool.**—Sir Henry Whitehead called the attention of the Council to an article which appeared in an issue of the "British Australasian" to the effect that as a result of tests made by the Bradford Textile Society in conjunction with the Bradford Technical College it was found that cloths made from Queensland wool produced better results than cloth made from South Australian wool.

The Council were of the opinion that such reports were outside the province and objects of the Textile Society.

The President reported that he had had an interview with Principal Richardson of the Bradford Technical College, who had declared his willingness at all times to co-operate with the Chamber, and that in future he would allow nothing of this nature to be published without submitting it to the Chamber beforehand.

It was agreed to send a letter to Mr. Richardson thanking him for this courteous assurance, which was very much appreciated.

**Committee on Industry and Trade.**—The late Government appointed a Special Committee “to enquire into and report upon conditions and prospects of British industry and commerce, with special reference to the export trade and to make recommendations in regard thereto.”

The Chairman of the Committee is Sir Arthur Balfour, K.B.E., and both the Bradford and Huddersfield Chambers of Commerce have been invited to give evidence. It is hoped that the necessary data will be prepared so that the evidence can be given in February next.

**Census of Production.**—The Government having intimated their intention of taking a Census of Production in 1925, the Chamber took active steps to have the views of the Wool Industry put before the Board of Trade. A conference of representatives of all the West Riding Chambers of Commerce and the various Federations was held in Bradford on the 20th June, which was attended by Mr. A. W. Flux, of the Statistical Department of the Board of Trade. Mr. Flux outlined the situation, and it was decided that a further meeting should be held on the 1st October, which Mr. Flux again attended. Late in the year the Board of Trade forwarded the proposed schedule, of which the various bodies have signified their approval, and the Board of Trade has been notified accordingly.

**Dominion Rate of Exchange.**—Further pressure was brought to bear by the Chamber during the year for an improvement in the Exchange rates, and the Council in April passed the following resolution:—

“That the Bradford Chamber of Commerce is of opinion that the rate of exchange between Great Britain and Australia, New Zealand and South Africa is a great handicap to trade between

these countries, and urgently requests H.M. Government and the respective Dominion Governments to give this matter their serious consideration with a view to a more favourable rate of exchange being established. The Chamber is further of opinion that the recommendations of the recent imperial Conference on this subject should be adopted without delay."

This resolution was also unanimously carried at the Congress of Chambers of Commerce of the Empire held in July.

During the visit of the Wool Growers, a masterly resumé of the situation was given by Mr. Harry Dawson, who has given strong support to the Chamber in its efforts to solve this difficult problem.

The Australian Government have taken steps to ameliorate the situation, and have placed an additional £15,000,000 worth of currency notes at the disposal of the Banks to finance the current season's wool clip. This has relieved the situation considerably so far as Australia is concerned, but in regard to South Africa no efforts up to the end of the year have been made by the Dominion Government to assist wool users to finance the South African clip.

It is thought that there is a likelihood of the embargo on the export of gold being raised in the near future; when this occurs it should help the traders by lessening the difficulties of financing purchases of wool in the Dominions.

**Export Credits.**—A letter was received from the Export Credits Department of the Board of Trade in which the suggestion was made that the Export Credits Scheme should be extended to India, Ceylon, Straits Settlements and Hong Kong. These countries had

originally been omitted from the Scheme on the suggestion of the Manchester Chamber of Commerce, which still maintained its opposition to the inclusion of textiles under the scheme.

The subject was considered by the Far Eastern Section Committee, who were of opinion that there was sufficient credit obtainable by the Textile Trade in conjunction with the Eastern Banks to finance the trade in these particular markets, without having recourse to the Export Credits Scheme; and further that the Scheme would introduce an undesirable element which would flood the market with goods to the detriment of the trade generally. It was unanimously decided that a letter be written strongly supporting the Manchester Chamber in opposing the inclusion of textiles for the above-mentioned markets under the Scheme.

**“ Force Majeure ” Certificates.**—The Secretary reported in October that he had recently received applications for Certificates of “ Force Majeure ” which he had been unable to grant, owing to the unsatisfactory reasons that had been given for the delay in shipment.

The Secretary also reported that he had ascertained that the Manchester Chamber of Commerce required a Statutory Declaration to be made by the principal of a firm before they issued a Certificate.

It was unanimously decided that a Declaration should be made by the principal of a firm on a form to be provided by the Chamber, and that the Chamber should then issue a Certificate, at a charge of 2s. 6d. to members, and 5/- to non-members. The new procedure came into operation on the 1st December.

**Marking of Sheep.**—This question received the attention of the Chamber throughout the year. Sheep

have again been marked with the Bury Expert's solution referred to in last year's Report, and it is hoped that in July, 1925, a definite report will be made.

When the Wool Growers visited Bradford in September the matter was very forcibly brought to their notice by Sir Henry Whitehead, J.P., and Captain Ed. Ashworth, of the Bury Chamber of Commerce. Samples of semi- and fully-manufactured articles, damaged by tar, &c., from the marking of the sheep, were exhibited to the Wool Growers, and there is no doubt that a great step forward has been made towards solving this problem. Many Wool Growers have promised to submit fleeces marked with various branding oils for testing by the Special Committee of the Chamber, and in this manner it is hoped to eliminate the use of marking substances which have deleterious effects.

As a result of the publicity given to this subject many firms have submitted their branding oils to the Chamber, and as far as possible experiments are being carried out.

The Right Hon. Lord Barnby, the President (Mr. F. A. Aykroyd), and Mr. C. V. Collins have all marked their sheep with these oils, and in July it is hoped to issue reports also on these markings.

Further propaganda is being carried on in the Dominions by the Chamber. A large consignment of samples of semi-manufactured and manufactured goods have been sent to Australia, New Zealand and South Africa, and Mr. J. H. C. Hodgson has consented to bring this matter before the various Pastoralists' and Sheep Breeders' Associations in Australia, who have been requested to call special meetings for this purpose.

**Proposed West Riding Electricity Authority.—**  
In accordance with the decision of the Council (as

reported on page 69 of the 1923 Report) the Chamber decided that representations should be made at the Local Inquiry for traders to have a direct representative on the Joint Authority. Mr. J. R. Pollit accordingly appeared before the Commissioners on the 13th February and formally made a request for traders to be represented.

The Chairman gave Mr. Pollit a sympathetic hearing but up to the end of the year no decision had been communicated to the Chamber, nor has the Joint Authority been definitely established.

**Unemployment Insurance.**—Mr. J. H. C. Hodgson, who has acted as the Chamber's representative on the Rota Committees at Bradford and Stanningley, drew the attention of the Council on two occasions during the year to anomalies which existed in the Unemployment Insurance Acts.

The Government introduced an amending Bill during the year, one of the features of which was the abolition of the clause which enabled industries to contract out of the National Scheme. This privilege was regarded as an important feature of previous Acts and the Council unanimously passed the following resolution on the 27th May:—

“That the Council of the Bradford Chamber of Commerce view with alarm the provision of Section 8 of the Unemployment Insurance (No. 2) Bill abolishing the powers of the Minister of Labour to approve special schemes for contracting-out of the Unemployment Insurance Acts.”

Mr. H. H. Spencer, M.P., fought very persistently in the House of Commons for the retention of these powers and finally the Government was compelled to allow the clause to remain.

The contracting out clause will now remain in the Act until such time as the Insurance Fund becomes solvent. The thanks of the Chamber are due to Mr. H. H. Spencer for the continued pressure he brought to bear on the Government which led to such a successful conclusion.

Mr. Hodgson drew the attention of the Council on the 25th November, to certain abuses and anomalies which are in existence. A number of cases had been brought to his notice of dyers' labourers who were working 3 days a week for which they received 54s. to 60s., in addition to which they received 11s. 6d. to 12s. 6d. out of the Unemployment Insurance Funds for the other three days. In view of the fact that a large number of workmen receive considerably less than 54s. a week for a full week's work and have to make contributions to the Insurance Fund, Mr. Hodgson moved the following resolution:—

“ That this Council desires to call the attention of His Majesty's Government to the anomalies which at present exist in the Unemployment Insurance Act, which lead to great waste of public money and are open to abuse. The Council is of the opinion that His Majesty's Government should cause an inquiry to be held into the working of this Act.”

Up to the end of the year no reply had been received from the Minister of Labour.

**Variations in Width of Piece Goods.**—The attention of the Chamber was called to an article signed by Prof. Aldred F. Barker, which appeared in the February issue of the Journal of the Textile Institute, which stated that “ the Bradford Chamber of Commerce had, through its accredited representatives succeeded in establishing as a ‘ trade custom ’ variations of anything up to 7 per cent. plus lists of any and every width on piece goods.”

The subject was brought before the Council on the 25th March when, after discussion, it was decided that a

letter be sent to the Vice-Chancellor of the Leeds University pointing out:—

- (a) that the statement was inaccurate.
- (b) that this Chamber had not established any "trade customs" on the lines indicated.
- (c) that Professors of Universities should not be allowed to issue statements concerning trade customs, usages of trade, or any strictly commercial points, but that they should strictly confine themselves to scientific matters.

It was also decided that a letter should be forwarded to the Journal of the Textile Institute pointing out the inaccuracy of Prof. Barker's statement. The matter was referred to again at a later date, when the President reported that he had received a letter from Prof. Barker suggesting co-operation between the Chamber and the University, and it was unanimously decided that the President should reply regretting there had been friction between the Chamber and the University and suggesting that such trouble would be avoided if Prof. Barker kept strictly to questions of research and education without interfering with commercial questions.

**Vegetable Fibres in Wool.**—When the Prime Ministers of Australia and New Zealand visited Bradford in December, 1923, the opportunity was taken of placing before them the evil effects of the contamination of wool by jute fibres and the tremendous cost it imposed on the wool textile industry. The increase in burling charges was forcibly brought to their notice.

This subject was also discussed on the occasion of the visit of the Roubaix-Tourcoing Chambers of Commerce in June. Two suggestions were made, viz., that the Bradford Chamber should experiment with an "All Wool" pack and the French with a "Paper" pack. It was afterwards reported that the Paper pack could not accomplish the desired end and it was abandoned.

The opportunity was taken of the visit of the Wool Growers to enlist their support for an alteration in the present methods of packing wool, and Messrs. Salts (Saltaire), Ltd., demonstrated in their burling room the difficulties the trade had to contend with in this connection. The visit to Saltaire made a great impression on the Wool Growers and there is no doubt of the valuable propaganda work that was commenced during the two days the visitors were in Bradford.

The President then took the matter up and evolved a new method of packing. Mr. Aykroyd proposed a 5 cwt. bale, the bales to be press-packed in an all wool-pack and supported by hoops of rustless steel. Further, Mr. Aykroyd suggested that fugitive ink should be employed in marking the bales. The cost to the trade of the new pack would work out as follows:—

	s.	d.
Cost of wool canvas, for a 5 cwt. bale ...	11	0
Cost of Jute bagging, for a 5 cwt. bale ...	6	0
	<hr/>	
	5	0
Wool Tare, $2\frac{3}{4}$ lbs. at 1/6 nett ..... 4	1	$\frac{1}{2}$
Jute Tare, 16 lbs. at 10/- per cwt. 1	5	
	<hr/>	
	2	$8\frac{1}{2}$
	<hr/>	
	2	$3\frac{1}{2}$
Freight:—		
Jute Tare .....	16	lbs.
Hoops, $6\frac{1}{2}$ lbs. Wool Tare $2\frac{3}{4}$ lbs. $9\frac{1}{4}$ lbs.		
	<hr/>	
Saving $6\frac{3}{4}$ lbs. at $1\frac{1}{4}$ d. plus 5%		$8\frac{1}{2}$
	<hr/>	
Nett cost to the buyer .....	1	7
	<hr/>	

A special Committee was appointed to deal with the new pack and a Conference was held in London on the 14th November, with the Wool Growers' Committee which has recently been formed. At this Conference a definite offer was made from the Wool Users to pay 5s. extra for the new pack for a period of three years.

It was decided to appoint a sub-committee of 10 (five each of Wool-Growers and Wool-Users), and the under-mentioned gentlemen have been chosen to represent the Chamber:—

Mr. F. A. Aykroyd (President).

Sir Henry Whitehead, J.P.

Mr. Walter Andrews.

Mr. Harry Dawson.

Mr. S. Harland.

At the Conference in London the French Wool Textile Industry was represented by M. Maurice Dubrulle and M. Paul Grandvarlet, who spoke in support of the new method of packing proposed by the President, and at a later date, after their return to Roubaix they brought the matter before the Roubaix-Tourcoing Chambers of Commerce, and a resolution was unanimously passed supporting this Chamber.

The British Wool Federation has co-operated with the Chamber, and assistance has also been given by the Worsted Spinners' Federation and the Bradford and District Manufacturers' Federation.

The Chamber has taken the opportunity of further propaganda in Australia through the medium of Sir William Priestley, who will bring this subject before all the leading Pastoralists and Sheep Breeders' Associations. Samples of cloths showing vegetable fibres in finished piece goods have been taken out to Australia by Sir William Priestley, as well as samples of the proposed Wool Canvas to be used for the packs.

Resolutions of the British Wool Federation and the French Wool Textile Industry will be found in the Appendix (page 140).

---

## Foreign Languages—Scholarships.

**An Anonymous Donor.**—At the last Council Meeting of the year the President had the honour of announcing the magnificent gift to the Chamber of £40,000 to be used as a Trust Fund for the purpose of assisting the study of foreign languages and the commercial education of young men by residence and study abroad, and in order to promote closer relations between Great Britain and Foreign Countries.

The Donor of the gift has made a special request that he should remain anonymous and it is hoped that his wishes in this connection will be respected.

The President, Sir William Priestley, J.P., Sir Henry Whitehead, J.P., Mr. J. Emsley, J.P., Mr. D. Hamilton, Mr. H. Sutcliffe Smith and Mr. E. E. Thackery all spoke in glowing terms of appreciation of this munificent gift to the Chamber and the following resolutions were unanimously passed:—

- I. “The President having reported a request from an anonymous Benefactor that the Chamber should undertake the management of a Scheme for encouraging the study of foreign languages with a view to promote Commerce between England and Foreign Countries and should accept the Trusteeship of a Fund of £40,000 provided by the Founder for the purpose.

Resolved that the Chamber accept the management of the Scheme and the trusteeship of the Fund and that the Seal of the Chamber be affixed to the Deed now produced proposed to be made between the Solicitor (on behalf of the Founder) and the Chamber, declaring the trusts of the Fund and containing regulations for the management of the Scheme.”

- II. “The Council of the Bradford Chamber of Commerce desire to place on record, and to convey their heartfelt and profound thanks for the very generous gift of £40,000 which has been entrusted to them by an unknown donor, and for the unbounded confidence shown in the Chamber by so doing. The Council

gratefully accept the gift, to be used for the purpose of assisting the study of foreign languages and the commercial education of young men by residence and study abroad and in order to promote closer relations between Great Britain and Foreign Countries. The Council will endeavour to the best of their ability so to administer the fund as to carry out the wishes of the donor and to advance the best interests of the industry and commerce of the city."

The Deed of Gift will be found in the Appendix (page 118).

**Trust Fund.**—In connection with the Fund established in 1918 application was made during the year for exemption of this Fund from Taxation (under Sub-Section 6 of Section 11 of the Customs and Inland Revenue Act, 1885) in respect of the income accruing to the Fund. The Board of Inland Revenue have granted exemption for a period of 30 years—to date from 5th April, 1919, expiring on 5th April, 1949.

---

## Dominion and Foreign Affairs.

### AMERICA.

**Cancellations.**—Negotiations regarding the few outstanding cases of Cancellation disputes were carried on during the year. One of them was definitely settled, progress has been made in two others, and there is a prospect of an early conclusion in this matter.

Reference was made in the last Annual Report to a presentation to be made to Mr. Charles L. Bernheimer. The presentation subscribed for by the members who had received assistance was made to Mr. Charles L. Bernheimer at a meeting of the New York State Chamber

of Commerce, held in New York on the 6th March, 1924, by Sir William E. B. Priestley, on behalf of the Chamber.

A silver cigar casket and a cigar case were handed to Mr. Bernheimer in recognition of the splendid services rendered by him in connection with the settlement of cancellation and arbitration cases.

The following letter has been received from Mr. Bernheimer:—

120, Franklin Street,

New York,

March 12, 1924.

My Dear Sir Henry,

I cannot attempt to express the surprise and pleasure experienced when Sir William Priestley presented the splendid token of the esteem of your Chamber. I was completely overwhelmed. But I feel that not to me alone is due this great compliment. That I have been permitted to be the medium through which this work has been accomplished has afforded me extreme gratification but I realise that it was accomplished solely because of the standing and respect enjoyed by our respective institutions and their faithful helpers, especially your goodself, Mr. J. H. C. Hodgson, and Mr. H. T. Tulloch.

It has been a source of inspiration indeed to have been permitted to work in such close intimacy with your Chamber, and I cannot help but feel that the relationship thus begun will ripen into an even closer bond, enabling our organisations to blaze the way for mutual understanding and a continuance of amicable relations.

May I ask that you convey to the members of your Chamber my sincere appreciation and grateful thanks.

Faithfully yours,

CHARLES L. BERNHEIMER.

Sir Henry Whitehead, J.P.,

Bradford Chamber of Commerce.

## ARGENTINE.

**Freight Rates.**—Early in the year and following upon the concessions gained in respect of freights to India, the Chamber took up the matter of the rates on woollen and cotton textiles sent to the Argentine, and in conjunction with the Manchester Chamber of Commerce drew attention to the fact that the 135/- rate for woollen goods applies equally to the finest all-wool dress goods and to low grade bulky cloths made chiefly of shoddy and/or cotton, with the result that the freight on the latter class of goods forms a very considerable percentage of their c.i.f. value, and consequently acts as a deterrent on increased trade.

Specific instances of cloths which ought to be conceded a decreased rate were supplied and it is gratifying to report that concessions have been granted in the rates of wool and cotton unions and woollen and worsted cloths, which are now 115/- per ton of 20 cwts. or 40 cubic feet at ship's option, plus 10 per cent. primage less 10 per cent. deferred rebate, these rates operating for Buenos Aires and Monte Video.

The former rate being 135/- it will be seen that a 20/- per ton reduction has been obtained.

**Trade Marks.**—A great deal of uncertainty arose in the minds of exporters as to what were the exact requirements of the new Trade Marks and Identification of Merchandise Regulation which came into operation on the 10th November last, and which had evidently been promulgated by the Argentine Authorities to prevent the mis-description of goods.

Communications had been received by members from their Agents abroad containing interpretations which it was quite impossible to carry out.

The Chamber took up the matter and as a result of cablegrams exchanged between the British Chamber of Commerce in Buenos Aires and this Chamber, information was elicited that enabled clear and definite instructions to be imparted to members so that they could conform in every respect with the new regulations, which require that the country of origin and the composition of the goods shall be given on the piece tickets and also on the inside wrappers.

No effort was made by the Chamber to secure the removal of the Regulation as there were good grounds for believing that the Argentine Authorities were fully warranted in adopting these means of preventing fraudulent marking and thus endeavouring to secure honest trade.

#### BELGIUM.

**Certificates of Origin.**—The attention of the Chamber was drawn to the charges being made for these certificates and it was intimated that it might be necessary for the Chamber to pay certain amounts on account of undercharging the Consular Fees. At our request, the Association of British Chambers of Commerce took the matter up with the Belgian Ambassador and an arrangement has now been agreed upon whereby the Chamber charges a stated amount (1/-) to members, while as regards non-members the charge has to conform to the statutory fee laid down for Consuls.

#### BULGARIA.

**Pre-War Debts.**—The Administrator of Bulgarian Property declared the final dividend in the early part of the year; this has been a very satisfactory settlement for those traders who agreed to put their cases before the Mixed Arbitral Tribunal. They have all been paid 20/- in the £ and many expressions of gratitude have been received by the Chamber for the assistance rendered.

## CHINA.

**Contract Terms.**—On referring to the previous Annual Report it will be seen that the above Terms were agreed upon between the Manchester and Bradford Chambers of Commerce and the British Chambers of Commerce in Shanghai, Hong Kong, Pekin and Hankow, and so far as exporters in this country were concerned, such Terms were included in their contracts.

It appeared, however, that importers in China were experiencing difficulty with the native buyers who refused to accept these Terms, but after protracted negotiations a communication was received from Shanghai notifying the Chamber that the standard Contract Terms as originally agreed upon had been accepted by the Chinese Merchants' Guild, thus exporters, merchants and Chinese native buyers are now in unison as regards the Terms and conditions under which contracts are made.

**Sample Post.**—The opportunity was taken of the visit of the Chinese Industrial Mission to Bradford to bring up the question of the reduction of the weight allowed for parcel post to China from 5 lbs. to 12 oz. Communications were also addressed to the Board of Trade and to the General Post Office on the subject, and in the latter part of the year a letter was received from the General Post Office to the effect that advantage had been taken of the opportunity afforded by the Postal Union Congress recently in session in Stockholm, to re-open the matter in an informal conversation with one of the Chinese delegates, who had stated that owing to the high cost and difficulty of inland transport in China, the Chinese Administration was still unable to make any concessions in the matter of size or weight in the case of samples which had to be conveyed inland, but it might be prepared to accept samples without saleable value up to

5 lbs. in weight for Shanghai and probably other treaty ports.

Should an arrangement of this kind be accepted it would, of course, provide considerable facilities for merchants in this country who could, by this means, send bulky packets for distribution in smaller amounts by their Agents in Shanghai, Canton, etc.

The Chamber wrote in reply fully appreciating the action taken, and stating that the advantages which would accrue to merchants in this country would be considerable compared with the present conditions, at the same time urging the Post Office to take advantage of any opportunity to secure a return to the pre-war regulations.

**Trade Marks.**—During the year the position with regard to Chinese Trade Marks has considerably altered. At the beginning of the year opinion was strongly in favour of non-recognition of the new Trade Marks Law, except on such terms as would ensure the fulfilment of present obligations under the various treaties where they referred to Industrial Property Rights. Several meetings were held, at which the Chamber was represented, to discuss the matter, and it was decided to ask that the Chinese Government be informed that unless a certain amount of foreign supervision or assistance was admitted into the administration of the Law, rights in Trade Marks belonging to subjects of Treaty Powers would be insisted on strictly in accordance with existing Treaty stipulations. Whilst these negotiations were going on some registrations were being effected by nationals of various countries, and from decisions given in native courts, it appeared that registration would be the deciding factor in cases of infringement. As several British marks had already been pirated and registered, concerning which no

redress seemed available, a number of British firms began to register their most important marks, with a view of their protection in native and mixed Courts, in both of which the Chinese Law was being administered. During the autumn the situation was further complicated by the promulgation of a separate Trade Mark Law by Sunyat Sen in Canton, and the declared intention of Chang Tso Lin in Manchuria to legislate for his province independently of Peking, under whose authority he nominally served. Ultimately the latter attempted to overthrow the Peking Government, and in the fighting which followed, the Government was compelled to resign. Before this happened, however, the Diplomatic Body had obtained assurances that a legal expert with Trade Marks experience would be engaged as adviser, the Chinese ministers in Berne and Brussels having been instructed to engage one, and that Branch Registries would be established at Shanghai and Tientsin, and also at Hankow, Canton and Mukden when opportunity offered. The Gazette is already published each month both in Chinese and English, but the conflict between existing Treaties and the Trade Marks Law, and its administration, is still unsettled and remains in a very complicated state. In the meanwhile firms with interests in China would be well advised to have their most valuable marks registered, as some sort of protection against piracies by subjects of Non-Treaty Powers. Marks which have been used "bona fide" for five years prior to May 24th, 1923, will be accepted if applied for before June 30th, 1925.

The thanks of members are due to Mr. H. Sutcliffe Smith for the excellent work he has performed in watching the interests of the Bradford trade.

#### CUBA.

**Invoices.**—It was brought to the notice of the Chamber by a reliable authority that a practice existed in

connection with shipments to Cuba of furnishing two invoices relating to the same consignment, one declaring a fictitious value, and the other being a debit note sent by the following mail to make up the price to the actual selling value to the Cuban importer. A considerable proportion of the duty which, so far as wool and wool and cotton cloths are concerned, is on an *ad valorem* basis, was thus fraudulently evaded.

A strong expression of disapproval of such dishonest methods was made, and the co-operation of Chambers of Commerce abroad was sought in view of the fact that it was reported that firms in several Continental countries were guilty of this practice. Communications on the subject were sent to the Chambers of Commerce in Paris, Roubaix, Tourcoing, Lyons, Milan, Turin, Biella, Reichenberg, Brunn and New York.

Replies were received stressing the advisability of suppressing such a practice and stating that every effort would be made to do so.

## FRANCE.

**Anglo-French Arbitration Agreement.**—The Agreement signed in 1921 was ratified during the visit of the Roubaix-Tourcoing Chambers of Commerce to Bradford in June.

On their return to France the French delegates seriously considered the agreement, and put forward certain proposals.

It was necessary therefore for representatives of the Chamber to confer with the Roubaix and Tourcoing Chambers of Commerce, and Mr. J. H. C. Hodgson and the Secretary visited France on the 25th, 26th and 27th September for that purpose.

An agreement was reached and signed at Roubaix on the 26th September, which has since been ratified by the Chambers concerned.

It is very satisfactory to report the successful conclusion of the negotiations inaugurated by Mr. H. Sutcliffe Smith during his Presidency in 1921.

Our thanks are due to M. Maurice Dubrulle for his whole-hearted assistance and influence in France, without which it would not have been possible to bring the matter to such a satisfactory conclusion. The English and French Texts will be found in the Appendix (page 127).

**Arbitration Rules of the Roubaix-Tourcoing Chambers of Commerce.**—On the conclusion of the Anglo-French Arbitration Agreement it became necessary for the Roubaix and Tourcoing Chambers of Commerce to formulate Rules for conducting Arbitrations. Messrs. J. H. C. Hodgson and H. T. Tulloch took the opportunity during their visit to Roubaix in September of suggesting the adoption of the Bradford Chamber's Rules. Close co-operation was maintained, and towards the end of the year the Roubaix-Tourcoing Chambers of Commerce formally adopted a set of rules. On examination these will be found similar to the Bradford Chamber's Rules, with the addition of the "Suggestions for the Guidance and use of Arbitrators," and with the deletion of such provisions as are not compatible with French Law. M. Maurice Dubrulle has played the leading part in France in getting these rules established, and it will now be possible for Arbitrations to take place in Roubaix-Tourcoing.

It was decided that representatives of this Chamber should go to France when the first case is heard in order to assist our French friends in the methods of procedure,

etc. The English and French translations of the Rules will be found in the Appendix (page 131).

**Exchange of Young Men.**—This was one of the subjects raised during the visit of the Roubaix-Tourcoing Chambers of Commerce to Bradford in June.

After the return of the delegates to France a letter was received from M. Charles Florin, and a Special Committee of the Chamber gave the subject full consideration. The Committee approved of the exchange of young men, and the French suggestions and the Chamber's replies are tabulated below :—

#### IN M. FLORIN'S LETTER.

1. It would be a matter of ensuring each year the sending of some young Englishmen to Roubaix-Tourcoing, and, reciprocally, of some young Frenchmen to Bradford, with the object of devoting themselves on the spot, to the profound study of the language and customs of the country.
2. Further, it might also be possible to consider the exchange of professors between our two schools, for the study of methods of textile education on the spot.
3. While perfecting themselves in the language, these students could also complete their technical education in the branch of their choice, raw wool, combing, spinning, industrial design, weaving or dyeing.

#### COMMITTEE'S DECISION.

The Committee considered this point was covered by their agreement to the principle referred to above.

The Chamber of Commerce is not competent to deal with the matter and the Secretary was requested to bring this subject to the notice of the Director of Education, and to inform the Roubaix-Tourcoing Society of this decision.

The courses to be undertaken by the students should be those of the Technical Colleges of the two cities, and the Committee were unanimous that this was the utmost that could be promised.

4. From the steps that we have taken in this matter, we find as a result that, if this organisation could be set on foot, we hope that we could arrange for the young Englishmen to follow, free of expense, the courses in our National School of Industrial Arts at Roubaix and we venture to hope that the same could be done at Bradford for our countrymen.
 

It was unanimously decided that the Bradford Chamber should, out of the Foreign Language Scholarship Fund, provide the funds necessary to enable the French Students to follow the different courses at the Technical College.
5. From a material point of view, it would be easy to arrange, either that the young men should live as paying guests with a family, or even that private families might arrange exchanges of their young people.
 

The Committee were of opinion that the ideal procedure would be for exchanges to be made between private families and it was decided to strongly support this proposal. The Committee however realised that this might not always be possible. It was therefore agreed that in this case students should live as paying guests with a family.

The Committee definitely agreed upon the following procedure in relation to paying guests :—

  - (a) The student to be under the control and guidance of the head of the household and to behave himself as if he were a regular member of that family.
  - (b) That no payment for living expenses should be made by the student himself. The parents in each country should remit the funds through the two Organisations who would be responsible for the payment to be made on behalf of the student.
6. It is evident that certain services should be recompensed if only partially, and in this
 

The Committee were unanimous that no payments could be made to students for services

case the recent regulations of the English Government would not be violated since what would be done in Bradford would also be done in the same measure at Roubaix, and there would be *ipso facto*, equalisation of procedure; as many English at Roubaix-Tourcoing as there would be Frenchmen in Bradford.

7. The Chambers of Commerce and bodies specially appointed for the purpose, would have to examine suggestions, to decide the course to pursue with regard to them, to place the young men in families, to obtain for them serious occupation, to take them in a word, under their patronage and so to act that their studies should proceed under the best possible conditions from all points of view.
- The Bradford Chamber of Commerce would be prepared to undertake this duty.

The Council approved of these decisions at its meeting on the 23rd September.

Mr. Douglas Hamilton brought this subject to the notice of the Bradford Textile Society, and that body have passed the following resolution:—

“We heartily approve of the principle of the interchange of visits between the French and British Textile Industries as suggested by our President, and we would be willing to appoint a small committee to confer with the Chamber of Commerce in making the necessary arrangements.”

One young man has already arrived in Bradford under the arrangement for private families.

**Nationality Discrimination in Taxation Reductions and Railway Fares.**—The attention of the Council was drawn to Article 44 of the French Law of the 22nd March, 1924, under which various reductions allowed in the assessment of Income Tax and on French Railway Fares, will henceforth not be granted to foreigners resident in France. The British Chamber of Commerce in Paris took up this question with the French Government, and they proposed to make further representations with a view to safeguarding the interests of British residents in France.

The translation of Article 44 of the Law referred to reads as follows:—

“ With due reservation in respect of treaties of reciprocity which may at present exist or be entered into between France and foreign countries, reductions or imports or of taxes, relief in the basis of assessment, deductions granted by the laws in force in respect of family charges and reductions of the price of railway transport provided for in favour of large families, shall only be applicable to French citizens and to persons born in French Colonies or Protectorates.”

The Council discussed this question at its meeting on the 24th October when the following resolution was passed, there being three dissentients:—

“ That the Bradford Chamber of Commerce strongly protests against Article 44 of the French Law of the 22nd March, 1924, which provides for Nationality Discrimination in favour of French Subjects in taxation and railway rates, and that the Association of British Chambers of Commerce should press His Majesty's Government to secure equality of treatment for British subjects resident or travelling in France.”

A letter was addressed to the Secretary of State for Foreign Affairs embodying the resolution, and pointing out that Frenchmen residing in this country receive whatever facilities are granted to British subjects. A reply has been received from the Foreign Office stating that

they are already in communication with the French Government on this subject.

The Association of British Chambers of Commerce have also supported the Chamber's action, and have made representations to His Majesty's Government accordingly.

**Prohibition of Wool Export.**—In the early part of the year the French Government issued a Decree forbidding the exportation from France of specified articles, including wool in all forms.

As several members had made purchases of wool, noils and tops prior to the date of the Decree, immediate steps were taken to communicate the salient facts to the Board of Trade who were urged to obtain permission from the French Authorities to have these consignments sent without interference.

Negotiations proceeded and eventually official intimation was given that so far as tops and waste were concerned, these could be shipped until further notice without special permission.

## GERMANY.

**Anglo-German Commercial Convention.**—One of the Clauses of the Treaty of Versailles granted to Alsace-Lorraine the right of free entry of their manufactures into Germany for a period of 5 years expiring on the 10th January, 1925. During the London Conference in August it became apparent that France was seeking a renewal of these privileges. Strong protests were immediately made to His Majesty's Government and representations also made that a Commercial Agreement should be concluded with Germany. It is pleasing to record that a Treaty with Germany was signed on the 2nd December and that Great Britain benefits under the "most favoured nation" clause

and all import restrictions are to be removed. Further, any duties which are considered to be onerous are to be the subject of negotiation and adjustment.

Up to the end of the year France had not agreed with Germany and there was no prospect of agreement prior to the 10th January, 1925.

**Consular Fees.**—The attention of the Chamber was drawn to the new method of charges made by the German Consul for legalising a document. The information supplied was that a fee of £25 was charged, whereas formerly only a few shillings had been necessary. A strong protest was forwarded to the Board of Trade with a request that this matter should be taken up by His Majesty's Government with the German Government.

**Interest on Overdue Accounts.**—Owing to the restrictions placed by the German Government on the purchase of foreign currency and the consequent serious delay in the settlement of accounts, several meetings were held of the Central European Section of the Chamber, to discuss the situation, and on the 24th June the Council unanimously adopted the following resolution:—

“That on re-consideration of the question of interest on overdue accounts from German customers, in view of the constantly changing conditions and in order to arrive at a uniform rate, the interest to be charged by members to their German customers as from 1st July next until further notice shall be 12 per cent. per annum as a minimum. Having regard, however, to the fact that the German spinners are charging their customers interest at the rate of 24 per cent., and the German Banks at 38 per cent., members shall be at liberty to charge higher rates than 12 per cent. according to circumstances.

That members advise their customers that accounts coming in up to and inclusive of July 31st shall benefit by this low rate of interest, but after that date the seller will hold himself at liberty to charge a higher rate or in accordance with the Bank and Trade Rates prevailing.”

This resolution was printed and forwarded by the members to their individual customers in Germany and reports were received that a large number of German firms commenced to pay their accounts which had for some time past been very much overdue.

Later, letters were received from Germany protesting against the terms of the resolution, and it was decided that the Chamber should adhere to those terms and request German firms to meet their obligations.

On the 24th October a further meeting of the Section was held in order to reconsider the question of the interest to be charged and the following resolution was unanimously adopted:—

“ That the terms of the circular of the 24th June governing the interest to be charged on overdue accounts be adhered to, and that such interest be charged from the 1st July to 31st October, 1924.”

It was also decided that this latter resolution be circularised amongst all the members of the Section and a recommendation be made that members send out their accounts current on the 31st October, charging interest at the rate of 12 per cent. per annum.

## INDIA.

**Bombay and Karachi Freight Agreement.**—The signatories were surprised to find that the Bombay Steam Trade Conference refused to recognise Woollen Piece Goods as Piece Goods under the terms of the agreement signed in October, 1922, and were charging 65/- per ton instead of 50/- as agreed.

The matter was brought to the notice of the Far Eastern Section Committee and Mr. E. C. Behrens and the Secretary were deputed to negotiate with the Conference lines.

Interviews were held in Liverpool, Manchester and Bradford and finally after eighteen months of continued pressure and negotiations the following terms were agreed:—

- (1) *Goods valued up to and including 10/- per yard.*  
50/- per ton of 40 cubic feet measurement, plus 10 per cent.  
less 10 per cent. deferred rebate, from January 1st, 1924,  
to June 30th, 1924.
- (2) *Goods valued up to and including 10/- per yard.*  
52/6 per ton of 40 cubic feet measurement, plus 10 per cent.  
less 10 per cent. deferred rebate, from July 1st, 1924 to  
December 31st, 1924.
- (3) *Goods over 10/- per yard.*  
As ordinary cargo at the tariff rate ruling at time of ship-  
ment.

It was also agreed that overcharges for goods should be refunded and that this should be retrospective. A large number of firms submitted their claims through the Chamber and it is satisfactory to report that all these claims have now been paid.

The thanks of the members are due to Mr. Edgar Behrens for his untiring efforts to secure an equitable adjustment in this connection.

## JAPAN.

**Anglo-Japanese Commercial Convention.** — The Japanese Government gave notice to His Majesty's Government of its intention to terminate the existing Trade Agreement on the 10th March, 1925. Representations have been made to His Majesty's Government to secure a fresh Treaty and constant communication has been kept up between the Chamber and the Government on the subject. The Chamber has suggested that the undermentioned goods should be included in the new Trade Agreement:—

All Wool Tissues.

Wool and Cotton Tissues.

Wool Tissues containing up to 10 per cent. Silk or Artificial Silk.

Pile Fabrics made from raw material other than Silk.

## MEXICO.

**Closing of Consular Offices.**—Trade with Mexico was severely hampered in the latter part of the year by the closing of all the Mexican Consulates in this country in consequence of strained diplomatic relations.

As all invoices for goods shipped to Mexico have to be visé by the Mexican Consul, members who are interested were more or less alarmed on account of orders on their books which were not ready for shipment.

The Chamber took up the matter with the Foreign Office and urged that the execution of orders already on the books of firms should not be interfered with and that the goods should be allowed to go forward.

After much correspondence, a *modus operandi* was agreed upon whereby contracts could be carried out and invoices sent forward which would be accepted minus the Mexican Consular visé on arrival in Mexico.

Efforts were made to secure the acceptance of the Chamber of Commerce legislation on commercial invoices for Mexico in the absence of facilities at the Consulates, but without success up to the end of the year.

## POLAND.

### **Anglo-Polish Treaty of Commerce and Navigation.**—

In view of the ratification of the Franco-Polish Commercial Treaty and the preference French goods were receiving over British goods in the Polish customs tariff, the Chamber urged His Majesty's Secretary of State for

Foreign Affairs to ratify the Anglo-Polish Treaty of Commerce and Navigation, with a view to placing Great Britain on the same level as France.

A reply was received from the Secretary of State intimating that the Treaty had been signed on the 26th November, 1923, and the Treaty was ratified during the year.

**Certificates of Origin.**—On the ratification of the Anglo-Polish Commercial Convention the Polish Government stipulated that Certificates of Origin were necessary. The Chamber was the first to introduce these and during the year many enquiries have been made by and assistance has been given to other Chambers in this connection.

The regulations governing these certificates included the stipulation that a visa by the Polish Consul was necessary, whose fee for this service was 1 per cent. of the invoice value with a minimum of £1 4s. 0d. and a maximum of £6 10s. 0d. A strong protest was made to the Board of Trade and negotiations took place with the Polish Authorities. It is gratifying to report that a substantial reduction in the fees has been granted from the 10th November. The fee charged from that date is one per cent. of the sum shown on the invoice, with a minimum of 3/- and a maximum of £1 14s. 6d.

## ROUMANIA.

**Post-War Debts.**—The Law of the 2nd June, 1923, was promulgated by the Roumanian Government and many members have reported that they have received the first payments under the Law for debts due to them. Numbers of members approached the Chamber for assistance with regard to the Roumanian Decree and also for translation of the documents that had been forwarded

from Roumania, and the Chamber was able to render assistance in all cases.

Many firms also received offers from Roumanian firms who did not wish to come under the scope of the 20 years agreement and at a meeting on the 27th June it was unanimously decided to recommend all members to come to an arrangement with debtors outside the Law if this could be satisfactorily accomplished.

**Pre-War Debts.**—This question was discussed during the year and the Manchester Chamber of Commerce have put forward proposals to the Roumanian Debtors, but the efforts in this connection have not so far resulted in a satisfactory arrangement being made. The Manchester Chamber has consistently worked in conjunction with this Chamber in all matters affecting the Roumanian debt question.

## RUSSIA.

**Anglo-Russian Commercial Convention.**—In January the Government announced its recognition of the Soviet Government in Russia, and a large Russian Delegation visited England with the object of negotiating a Trade Agreement. The Agreement was officially completed during the month of September.

The Draft of the proposed General Treaty and the Draft of the proposed Treaty of Commerce and Navigation were both circulated among the members of the Council and a long discussion took place at the meeting of the Council on the 23rd September.

The following resolution was carried with 3 dissentients:—

“That this Chamber whilst desirous of attempting to enter into trade relations with Russia does not approve of the terms of the Agreement, and does not approve of the guarantee of the loan to Russia.”

The agreement was not ratified at the date of the dissolution of Parliament, and the present Government have announced that they will not propose ratification.

## SERBIA.

**Pre-War Debts.** — The Manchester Chamber co-operated with the Bradford Chamber in an effort to get some settlement of the Serbian Pre-war debt question. The majority of European countries had made some effort to settle their pre-war debts, but the Serbian Government had by law sanctioned the payment by its Nationals of their pre-war debts at the rate of 26 dinars to the £.

In April the Chamber received a letter from 24 houses in Belgrade making an offer to pay their pre-war debts at the rate of 50 dinars for every £ sterling, but the Chamber, acting in conjunction with the Manchester Chamber, unanimously refused to accept the proposals, and on the 27th May the following resolution was unanimously adopted:—

“ The Serbian Government having passed a law legalising the settlement of the pre-war sterling debts of their Nationals at the rate of 26.10 dinars to the £ (equivalent to official repudiation of at least five-sixths of the Debts), and having declined to alter their attitude in spite of repeated official and unofficial British protests against the inequitable character of this policy, the Council of the Bradford Chamber of Commerce voices the views of the members of the Chamber affected, and resolves that until this legislation is cancelled the Serbian Government and the Serbian commercial community cannot be accorded the respect they previously enjoyed and the Chamber feels compelled to warn British firms of the danger of doing any business with a country where legislation exists permitting repudiation of commercial debts.”

This resolution was forwarded to the Secretary of State for Foreign Affairs and a strong letter was written by the President in support of the same. A reply was received from the Board of Trade as follows:—

BOARD OF TRADE (COMMERCIAL RELATIONS  
AND TREATIES DEPARTMENT).

Great George Street,  
London, S.W.1.  
24th June, 1924.

Sir,

I am directed by the Board of Trade to state that your letter of the 16th May addressed to the Prime Minister regarding the settlement of pre-war debts owing by Serbian nationals to British subjects has been referred to this Department.

2. This question has for some considerable time engaged the close attention of the competent departments of His Majesty's Government, and such representations as have been thought possible and desirable have been made to the S.H.S. Government.

3. The Board fully appreciate the considerations which have prompted British Chambers of Commerce to reject the offer of 50 dinars to the £ sterling made by Serbian Merchants, but they are unable to accept the view that H.M. Government or the British Commercial Community should make a *sine qua non*, the abrogation of the relevant clause of the S.H.S. Law for the Liquidation of the Moratorium. Apart from the difficulty of inducing a foreign Government at any time to alter its domestic legislation, the Board are of opinion that so far from promoting the interests of the British creditors the demand for abrogation is calculated to produce a directly contrary effect and to harden Serbian debtors in their resolve to take refuge behind the terms of the law. Indeed, His Majesty's Minister at Belgrade has already reported that the action of the British Creditors in rejecting the offer made by Serbian debtors, without submitting any counter proposals, and coupled with the demand for the repeal of the Law, has created a very unfortunate impression in Belgrade. There appear to be grounds for fearing that the Serbian debtors will resume their attitude of refusing to consider any arrangements going beyond the terms of the law, and further that they will direct their current business to Italy. In general a hostility to British interests has apparently arisen, which however unjustified, would seem to make it very difficult to devise any steps which are likely to effect a material improvement in the situation.

4. In the circumstances the Board feel that if a settlement in this question is to be reached at all it must be by way of compromise. They note from previous correspondence that British creditors have always been willing to consider some reasonable

compromise to meet hard cases, and although the recent offer of the S.H.S. debtors was not acceptable to British creditors, the Board have not so far received any indication of specific proposals which British creditors would be prepared to put forward for meeting the difficulties under which they recognise many of their debtors are suffering.

5. I am accordingly to suggest that your Chamber might consider the question of formulating a definite proposal in this matter (such as a minimum sum which British creditors would be prepared to consider by way of full and final settlement, or alternative suggestions as to the method of payment by instalment or otherwise). The Board would be glad to be informed of any such proposal that your Chamber would be prepared to put forward.

6. In view of the difficulties arising partly from the existence of the Law for the liquidation of the Moratorium and partly from other circumstances which have prevented an arrangement being reached in this matter, the Board would be glad to learn also whether British Creditors have considered the possibility of proposing to their Serbian debtors that the whole question should be referred to arbitration. Should British Creditors be willing to propose such an arrangement to their Serbian debtors, the Board would be prepared to consider what action they could take on a suitable opportunity with a view to assisting a settlement on these lines. In the event of Serbian debtors generally, or a substantial majority of them being willing to agree to some such scheme the S.H.S. Government might conceivably be ready to give legal effect in Serbia to such an arrangement by amending the law for the liquidation of the Moratorium so as to provide that Article 28 should not apply in regard to debts owing to a particular country when arrangements have been made for debts owing to that country to be decided by arbitration.

I am to add that a similar letter is being sent to the Leeds and Manchester Chambers of Commerce.

I am, Sir,

Your obedient servant,

J. J. WILLS.

After consideration of the question the following letter was written to the Government containing proposals with a view to arriving at a settlement:—

The Exchange,

Bradford.

16th July, 1924.

Sir,

In reply to your letter of the 24th June, I am instructed to say that the Creditors regret that the Board of Trade do not share their views as to the necessity of securing the abolition of the Serbian Law in the first instance.

The subject is not regarded by the members of this Chamber as a matter of only domestic legislation by Serbia—such as is referred to in your letter—as my members consider the effect thereof is to enable Serbian Nationals to reduce their debts abroad to a ridiculously small sum, or in reality to defraud their foreign creditors.

My members have no desire, however, to deal harshly with their debtors abroad who have suffered in consequence of the war, and we realise that there are probably a few debtors who cannot pay more than the small percentage allowed by the Serbian Law. On the other hand, there are debtors who are in a position to pay in full and others who can afford to pay a reasonable proportion and yet be still in better financial circumstances than their English creditors.

We have every reason to believe that some of the more honourable Serbian debtors have already made arrangements with their creditors abroad on a much higher basis than that stipulated by the Law. Other debtors, however, more wealthy, have made no effort to meet their obligations and have not associated themselves with the offer made by the Belgrade Chamber.

The Serbian Law is distinctly unjust—particularly to those countries with an appreciated currency as they suffer most. The British trader—by reason of his submission to high taxation and thus upholding the Nation's credit—is placed in a less favourable position than creditors in countries less severely taxed.

The threat of less trade which has been made privately and also suggested in your letter might be accepted in the spirit it was intended were it not for the serious position of the whole matter.

The mention of diversion of trade to Italy is considered by our members to be a further reason why His Majesty's Government should do all in its power to assist British Creditors. Certain Italian Creditors have made very favourable arrangements with their Serbian debtors and this is attributed to the strong attitude adopted by the Italian Government to Serbia and the neighbouring countries. Having the Italian results in mind, my members feel that their action was the correct one.

With reference to your suggestion regarding Arbitration my members are of opinion that no useful purpose could be served by arbitration unless and until the iniquitous law in question has been repealed.

My members are, however, willing to assist in a solution of the difficulty, particularly if a method could be agreed upon in the execution of which they might rely—as the Board has been good enough to indicate—upon the assistance of His Majesty's Government.

I am therefore directed to inform you that my members are in agreement with the proposals of the Manchester Creditors and desire to submit the following for the Board's consideration :—

Provided the Serbian Government is prepared to amend the legislation in question in favour of any decision reached by a Joint Conference of the representatives of the Serbian Debtors and the British Creditors, the Creditors would gladly participate in such a Conference.

The purpose of the Conference would be to decide the amount payable by each individual debtor, since it is obvious that some debtors can only afford to pay a small amount whereas others can afford more.

Such amounts as may be decided shall be payable over a period of three years.

I am, Sir,

Your obedient servant,

H. T. TULLOCH, *Secretary*.

In December a letter was received from the Board of Trade in response to an enquiry from the Chamber stating that the Government in Yugo-Slavia was pre-occupied with internal affairs and it appeared unlikely that any

official action could be usefully taken in the matter at the moment, but the Board of Trade would not fail to watch the situation.

## SPAIN.

**Parcel Post.**—Towards the end of the year several members of the Chamber were notified by correspondents in Spain that the regulation governing the consignment of postal packets whereby several such packets could be sent in one case or bale, and addressed to a Custom Agent at the frontier who would arrange with the Customs officials for the passage through of these various parcels and distribution to their respective addresses, was abandoned, and commencing from 1st January, each postal packet would have to be separately described and the contents designated in accordance with the tariff classification.

The system now abandoned has been an undoubted benefit to exporters here, who have been relieved of the inconvenience of separately describing many postal packets, but it appears that a more stringent procedure on the part of the Customs officials has been adopted to prevent the possibility of evasion of duty.

The Chamber learned that the operation of the new regulation had been postponed until 31st January, and in the meantime efforts were being made to negotiate a satisfactory solution of the matter.

It is still possible by means of the International Parcels Post to send direct to the addressee a postal packet without the production of a certificate of origin or other customs formality.

---

## Dominion and Foreign Tariffs.

### AUSTRALIA.

**Preferential Conditions.**—Early in the year the Prime Minister of Australia made an announcement that the Government were considering an amendment of the Preferential Conditions, and when the matter was brought before the Chamber the following resolution was passed:—

“That the Bradford Chamber of Commerce is in favour of a higher percentage than the existing 25 per cent. to entitle goods to preferential treatment.”

On the 9th October the following official announcement was made:—

The High Commissioner for Australia advises that from and after 1st April, 1925, goods only partially produced or manufactured in the United Kingdom will not be entitled to Preference (except in the circumstances set out hereunder) unless at least 75 per cent. of the factory or works cost of the goods is derived from material of United Kingdom origin and/or labour performed in the United Kingdom. United Kingdom labour and material, in this connection, includes such labour and material added at any stage of the manufacture of the goods, whether before or after they undergo any process of manufacture in other countries but the final process of manufacture must in all cases be performed in the United Kingdom.

As to goods manufactured in the United Kingdom from imported raw material which is not available of United Kingdom origin, preference will be granted, irrespective of the proportion of British labour and/or material, if all possible processes of manufacture are performed in the United Kingdom, provided similar goods are not produced in Australia. If similar goods are produced in Australia, Preference will not be allowed unless the proportion of United Kingdom labour and material is at least 50 per cent. It will not be considered that all possible processes

of manufacture have been performed in the United Kingdom if the United Kingdom produces raw material similar to imported raw material used at any stage of manufacture of the goods concerned.

Only United Kingdom labour and/or material is allowed to enter into the calculation of the percentage, except that under the new arrangement goods manufactured in the United Kingdom from imported raw material which is not available of United Kingdom origin will be eligible for preference irrespective of the proportion of British labour and/or material if all possible processes of manufacture are performed in the United Kingdom *provided similar goods are not produced in Australia*. If similar goods are produced in Australia preference will not be allowed unless the proportion of United Kingdom labour and material is at least 50 per cent. It will not be considered that all possible processes of manufacture have been performed in the United Kingdom if the United Kingdom produces raw material similar to imported raw material used at any stage of manufacture of the goods concerned.

This was discussed by the Council at its meeting in October, but owing to the ambiguity of the wording it was decided to write and ask for a clearer definition of the proposals. No reply had been received up to the end of the year.

#### BELGIUM.

Following upon the efforts which this Chamber made in conjunction with the Huddersfield Chamber last year, it is pleasing to report that cloths containing less than 50 threads per square centimetre, and weighing 200-350 grammes per square metre, and cloths containing less than 31 threads per square centimetre and weighing 350-550 grammes per square metre, have been given distinctive classification in the new Belgian Tariff.

It will be recalled that the Belgian Authorities sought to abolish the separate classification, but the strong pressure which was brought to bear has been successful, although, of course, increased rates are being charged.

## BULGARIA.

**Import Restrictions.**—The Bulgarian Legislature introduced a Bill early in the year which had for its object the prohibition of the importation of certain articles which were termed luxuries. A vigorous protest was made to the Board of Trade, and the Manchester Chamber also supported the action of this Chamber.

It is satisfactory to report that the protest was successful, for the Bulgarian Government reconsidered the matter and deleted woollen and worsted goods from the proposed schedule.

## FRANCE.

**Woollen and Worsted Piece Goods Containing Silk.**—

A report was made to the Chamber that Piece Goods containing a small percentage of silk had been re-classified and brought on the same level with Silk Cloths mixed with wool, thus considerably increasing the duty.

The Chamber immediately took the matter up with the Board of Trade and patterns of the cloths were submitted.

The following letter was received from the Board of Trade:—

Commercial Relations and Treaties Department,  
Board of Trade,  
Great George Street,  
London, S.W.1.

*1st October, 1924.*

Sir,

With reference to recent correspondence respecting the French Tariff treatment of woollen and worsted goods containing a small proportion of silk, I am directed by the Board of Trade to state that they have now received, through the Foreign Office,

copy of a further despatch from H.M. Ambassador at Paris reporting that the French Customs, in accord with the Department of Commerce and Industry, have adopted the following interpretations with regard to the Customs treatment of the fabrics in question :—

- A. Cloths, casimirs and other fulled fabrics or short-napped fabrics not fulled which contain by weight not more than 5 per cent. of silk, floss silk or artificial silk, other than those fabrics indicated at B below.
- To be classified as " Fabrics of mixed wool, other " and to pay duty at the rates applicable to fabrics of pure wool according to kind.

B. The same categories of fabrics containing in warp or in weft threads of silk, floss silk or artificial silk, pure or mixed together, threads of silk, floss silk or artificial silk mixed with threads of wool or threads of wool and silk, floss silk or artificial silk mixed before carding; such silk threads representing in number :—	10 per cent. at the most of the total number of threads of warp or of weft, even if the proportion by weight of silk, floss silk or artificial silk exceeds 5 per cent.	Classification and duties as at " A " above.
	More than 10 per cent. but not more than 20 per cent. of the total number of threads of warp or of weft even if the proportion by weight of silk, floss silk, or artificial silk, exceeds 5 per cent.	Duty of 2.40 Frs. per Kilog under the " Minimum " Tariff, multiplied by a "co-efficient" of 4.

- C. Other categories.

These will be dutiable as fabrics of silk or floss silk mixed with wool, as fabrics of floss silk mixed with wool or animal hair, or as fabrics of artificial silk mixed with wool, the wool predominating in weight in each case, at the rates fixed by the law of 26th April, 1924.

The present position, therefore, is that on woollen and worsted fabrics containing up to 5 per cent. of silk (or artificial silk) by weight, or up to 10 per cent. by number of threads (even if over 5 per cent. by weight) the duty leviable is from 4.40 to 8.80 francs per kilog, according to the weight of the fabrics. On

fabrics containing 10 to 20 per cent. of silk or artificial silk threads, the duty is 9.60 francs per kilog ; and fabrics with over 20 per cent of silk or artificial silk threads and over 5 per cent. by weight, pay the duties fixed by the law of 26th April on pure silk (or artificial silk) fabrics.

The Board are informed that outstanding cases of duty payable on consignments of the goods affected are to be settled in accordance with the foregoing classification.

I am, Sir,

Your obedient Servant

H. FOUNTAIN.

The Secretary,

The Bradford Chamber of Commerce, Bradford.

It will thus be seen that the representations made by the Chamber were effective.

## GERMANY.

**Import Licences.**—Like many other countries, Germany established regulations restricting imports and exports to a percentage of pre-war quantities. The quantity of textile fabrics allowed to be imported was limited to 7 per cent. of the pre-war figure and later increased to 20 per cent. In addition to this limitation, import licences were required.

There was thus a good deal of uncertainty as to whether goods consigned to Germany would be allowed to enter the country, and several instances came to the notice of the Chamber in which goods despatched in due execution of orders received by Bradford firms were stopped by the Customs authorities for lack of a permit.

The constant advice of the Chamber to its members in connection with any orders received from Germany for piece goods has been to make sure that the buyer had a permit to import the goods before sending them.

Every effort has been made by the Chamber to have the restriction extended so far as the quantity allowed to be imported is concerned, and the Board of Trade have been apprised of the effect such limitations have had upon trade here. (See Anglo-German Convention.)

### **Woollen and Worsted Piece Goods Containing Silk.—**

German importers agitated for the removal of the import restrictions on this class of goods and the German Government eventually agreed, but altered the classification of the goods for duty purposes from the all-wool category to the silk category thereby imposing a great increase and making the duty prohibitive. Energetic action was taken by the Chamber and samples of cloth were submitted to the Board of Trade which promised to take the matter into consideration in negotiating the Commercial Treaty with Germany. Now that the latter has been completed a further letter on this subject has been addressed to the Board of Trade.

## **GREECE.**

In the early part of last year the Greek Government issued a new Tariff affecting all goods, but did not fix a date on which these new rates would come into operation. Later, the date was fixed as from the 10th December, and eventually postponed to a date in the following year. In the meantime the Chamber has drawn up a case on behalf of traders, protesting against both the new classification and the heavy increase of rates proposed. All possible assistance is being rendered to the Board of Trade to enable them to obtain the minimum rates of duty on goods from this country in connection with their negotiations for an Anglo-Greek Commercial Convention.

## **INDIA.**

### **Woollen and Worsted Piece Goods Containing Silk.—**

The Commissioner for Customs in Calcutta, in the early

part of the year, issued an instruction that wool goods containing a small percentage of silk should be assessable at the silk rate of 30 per cent. and not at the rate applicable to all-wool tissues, viz. 15 per cent. ad valorem.

This was strongly resented by the trade in view of the fact that large quantities of wool goods are shipped to India containing such a slight percentage of silk as not in any degree to enhance the value of the goods, and certainly not to the extent to warrant such a high rate of duty. The Chamber, therefore, presented to the Board of Trade a detailed statement of the case, supported by representative samples of the goods affected.

As a result of the action taken the decision of the Customs Administrator has been repealed and wool goods containing up to  $7\frac{1}{2}$  per cent. of silk are now admitted at the rate for all wool tissues, viz. 15 per cent. ad valorem.

## JAPAN.

**Luxury Tax.**—The Japanese Government took a drastic step on the 6th July by passing an Act classifying a considerable number of articles as luxuries and imposing on them a duty of 100 per cent., ad valorem. Energetic action was immediately taken by the Chamber through His Majesty's Government, and finally the Japanese Government modified the law to the extent of permitting all goods shipped prior to the 6th July to enter at the old rates of duty. The undermentioned goods from Bradford were affected by the new law:—

Wool Tissues containing Silk.

Pile Fabrics.

## NEW ZEALAND.

**Preferential Conditions.**—Acting in conjunction with Australia, the New Zealand Government made an announcement on the 9th October, as follows:—

D

The High Commissioner for New Zealand has received telegraphic advice that his Government has decided to amend the conditions under which goods partially of British manufacture are admitted into the Dominion under the British Preferential Tariff. At present such goods are so admissible provided that one-fourth of the final works cost represents British labour and/or materials, subject to the condition that if the goods at some stage in their manufacture undergo a process of manufacture in a foreign country, only that labour and material which is expended on or added to the goods after their return to some part of the British Empire is regarded in calculating the British proportion.

On and from 1st April, 1925, the proportion of British labour and/or materials must not be less than three-fourths of the works cost of the completed article, while the provision respecting goods undergoing a process of manufacture in a foreign country will be abolished, subject of course to the condition at present obtaining that the final process of manufacture takes place in British territory.

Some alterations to the certificate of origin at present in force will be necessary, but the Government has in the meantime decided to accept the present form in the case of goods imported into or entered for home consumption in New Zealand between 1st April, 1925, and 30th September, 1925, provided paragraph 6 (b) of the certificate is amended to read three-fourths instead of one-fourth.

It will be understood that the conditions at present in force will continue to apply to goods entered for home consumption in New Zealand up to and including 31st March next.

Since the word "British" applies in its widest sense to the Empire as a whole, the 75 per cent. (on and after the 1st April next) labour and/or material in the factory or works cost is not confined to British labour applied in the United Kingdom or to material of United Kingdom origin, but may include British labour applied in any part of the Empire or material of Empire origin.

As in the case of Australia, a letter was written to the High Commissioner for New Zealand asking for a more precise explanation, but no reply has as yet been received.

**Artificial Silk and Artificial Silk and Cotton Piece Goods.**—A letter was addressed to the Prime Minister of

New Zealand making certain suggestions with regard to the duty on Piece Goods made of Artificial Silk or Artificial Silk and Cotton, and a reply was received from Mr. Massey stating that this question would be given careful consideration on the first occasion on which amendments to the Tariff schedules are discussed.

The tone of the Prime Minister's letter was distinctly friendly and it is hoped that the Chamber's suggestions will be adopted.

---

## Visitors from Overseas.

**Visit of Chinese Industrial Mission.**—An important Industrial Mission from China appointed by the Republic of China to investigate the Commercial Conditions of Europe, America and Japan, visited Bradford on the 9th January. The Mission was headed by Mr. Chang Chien.

A meeting was held in the Chamber, when the following questions were discussed:—

Insecurity of Transport and Communications owing to the unsettled state of China.

Trade Marks and their Registration in China.

Sample Post.

The Mission visited the Bradford Conditioning House, and the Lord Mayor of Bradford (Ald. H. M. Trotter, J.P.) entertained them to a Civic Reception and Luncheon in the Town Hall. After the luncheon the visitors were shown over the mills of Messrs. Salts (Saltaire), Ltd., and in the late afternoon a meeting was arranged with the Industrial Council for the purpose of discussing conditions of employment in the Woollen and Worsted Industry.

The Chamber received a telegram and letters from Mr. Chang Chien, on the departure of the Mission from Great Britain for America, thanking the Chamber for its reception of the Mission, and early in December a further letter was received from this gentleman enclosing a copy of the report he was making to his Government.

**Visit of the Roubaix and Tourcoing Chambers of Commerce, June 1st to 4th.**—Various questions of importance to Anglo-French trade were dealt with at the return Conference between representatives of the Roubaix and Tourcoing Chambers of Commerce and of the Bradford Chamber of Commerce, which was held in Bradford on 2nd to 4th June.

The delegation was headed by M. Georges Motte, President of the Roubaix Chamber of Commerce, and M. Eugene Mathon, President of the Central Wool Committee of France; and 28 delegates in all visited Bradford.

Accompanying the delegation was a French Government official, in the person of M. du Halgouet, the Commercial Secretary at the French Legation in London.

The work of organising the Conference was very greatly assisted by the untiring energy of M. Maurice Dubrulle.

The following subjects were dealt with at the general sessions :—

*Arbitration.* (See heading under France.)

*Bankruptcy and Credit Information.*—M. Mathon drew attention to the trade organisation in France which dealt with Bankruptcies, and several Bradford representatives testified to the efficiency of the organisation.

The methods of the Business Credits Department of the Bradford Chamber of Commerce were explained and it was agreed that a copy of the rules of the French organisation should be forwarded to the Bradford Chamber.

*Exchange of Young Men.* (See heading under France.)

The following were the questions dealt with by the various sections into which the Conference was divided:

*Raw Material Section:—*

1. The use of the Romney Ram in New Zealand.
2. Duty on Imported Wool from Overseas Markets.
3. Bags in which wool is packed.
4. Dominion Rates of Exchange.

*Spinners' and Yarn Exporters' Section:—*

1. The unification of conditions of sale.
2. Duration of Contracts.
3. Terms of Sale.
4. Payment, conditions and deliveries.
5. Subject matter of Contracts.
6. Condition.
7. Delivery. "Force Majeure."
8. French pre-war debts and interest, and overdue accounts in foreign countries.
9. French Customs Duties generally.
10. Duty in relation to Rate of Exchange.
11. Duty on Artificial Silk Tops and Waste.
12. Trade with Poland.
13. Trade with Germany.
14. Polish pre-war debts in marks or sterling.

*Manufacturers' and Merchants' Section:—*

1. Classification of Statistics.
2. Vegetable Fibre in Wool and Wool Tissues.

The Lord Mayor of Bradford accorded the delegates a civic reception and luncheon at the Town Hall, on Monday, June 2nd.

On Tuesday, the 3rd June, the delegates were entertained at luncheon by their respective sections in Bradford, Mr. John Emsley entertaining the general delegates.

In the afternoon a visit was paid to Bolton Abbey, and afterwards the Bradford and French delegates were entertained to tea at the home of the President at Birstwith Hall, Birstwith.

In the evening the delegates were the guests of the President at a dinner in the Midland Hotel.

On Wednesday, the 4th June, the visitors and delegates were the guests of the President and Council of the Chamber at a farewell luncheon.

The opportunity was taken by the visitors to do honour to the memory of Bradford soldiers who fell in the Great War. M. Georges Motte placed a wreath on the Bradford cenotaph on behalf of the French delegates. The little ceremony was deeply moving.

The undermentioned Federations were associated with the Chamber in these proceedings:—

The British Wool Federation.

The Woolcombing Employers' Federation.

The Worsted Spinners' Federation.

The Bradford and District Manufacturers' Federation.

The Association of Export Merchants of Raw Materials and Yarns.

The Bradford Merchants' Association.

A large amount of useful work was carried out during the three days, and there is no doubt that a better understanding between the two centres has resulted from the visit.

**Visit of Dominion Wool Growers.**—At the invitation of the Chamber, some 90 Wool Growers from Australia, New Zealand and South Africa visited Bradford on the 9th and 10th September.

Amongst the visitors were:—

The Hon. H. P. Colebatch, C.M.G., Agent-General for Western Australia.

The Hon. George Fairbairn, Agent-General for Victoria.

The Hon. Sir Thomas Mackenzie, M.L.C., late High Commissioner for New Zealand.

Mr. A. G. Michaelian, Sheep and Wool Expert, South African Government.

Mr. J. W. Ferguson, Commercial Officer, New South Wales.

Commander R. H. B. Hammond-Chambers, D.S.O., R.N.

Lt.-Col. E. Hill, D.S.O.

Sir Lewis Richardson, Bart.

Sir Andrew Russell.

Mr. Percy Elworthy.

Mr. Bernard Tripp.

Mr. G. V. Pearce, J.P.

Mr. R. E. Bush.

Mr. J. Brodie.

Mr. A. A. Kingwill.

The Chamber was supported by the British Wool Federation and the Bury Chamber of Commerce, and the French Wool Textile Industry was represented by M. Maurice Dubrulle, M. Angus Faulkner, and M. Noel Flipo.

A Conference was held in the Mechanics' Institute on the afternoon of the 9th, continued after dinner at the Midland Hotel the same day, and at the Town Hall on the afternoon of the 10th September. The subjects discussed and the principal speakers were as follows:—

1. Breeding of Sheep.

(a) The use of the Romney Ram in New Zealand.  
Mr. F. A. Aykroyd.

(b) The use of Down Sheep in Australia.  
Mr. C. V. Collins.  
Mr. H. B. Booth.

(c) Cape Merino.  
Mr. G. M. Parker.

2. Marking of Sheep with Tar, Red Rudd, etc.  
Sir Henry Whitehead, J.P.  
Capt. Ed. Ashworth, Bury.

3. Rates of Exchange between Great Britain and Australia, New Zealand and South Africa.  
Mr. Harry Dawson.

4. Wool Packs and the serious effects of vegetable fibres.  
Mr. W. Andrews.  
Sir W. E. B. Priestley, J.P.  
Mr. E. H. Gates.  
M. Maurice Dubrulle.

5. Increase in Wool Production and shortage of world's supplies.  
Mr. Harry Dawson.

The visitors were the guests of the President at a Complimentary Dinner at the Midland Hotel on the evening of the 9th September, where the usual after-dinner speeches were dispensed with and the Conference was continued.

On the morning of the 10th September the visitors were shown over the mills of Messrs. Salts (Saltaire), Ltd.

The Lord Mayor (Alderman H. M. Trotter, J.P.) tendered the visitors a Civic Reception and Luncheon on the 10th September.

A verbatim report of the Conference has been published and forwarded to all the visitors, and additional copies have been sent to the Pastoralists' Societies in the three countries.

Several of the items discussed are dealt with elsewhere under their respective headings.

The following representatives of the Department of Overseas Trade came to Bradford on the under-mentioned dates, when they interviewed firms interested in the countries from which they came and furnished valuable information to members:—

Col. H. Woods, O.B.E., H.B.M. Commercial Secretary, Constantinople, 16th May.

Mr. C. J. Kavanagh, H.B.M. Commercial Secretary, Cologne, 30th June and 1st July.

Mr. F. W. Field, H.M. Senior Trade Commissioner in Canada, 24th and 25th July.

Mr. J. R. Cahill, H.B.M. Commercial Counsellor, Paris, 29th and 30th October.

Mr. W. Gladstone Wickham, H.M. Senior Trade Commissioner in South Africa, 14th November.

## Legal and Parliamentary Matters.

**Legal Section.**—Sir Henry Whitehead endeavoured to form a Legal Section of the Chamber on similar lines to the Accountants' Section.

The Bradford Incorporated Law Society subsequently proposed that the Executive of that body should become members of the Law and Parliamentary Committee of the Chamber, and that they should increase their Council to 20 members, giving every possible assistance to the

Chamber in dealing with Bills in Parliament, or other legal matters. Further, that the President of the Bradford Incorporated Law Society should become a Member of the Council during his term of office. On this basis the Society were prepared to pay the Chamber an annual subscription.

The Council agreed to this suggestion.

**Bankruptcy.**—Continuing the account given in the Annual Report for 1923, pages 53-4: A private Bill was introduced into the House of Commons by Mr. A. M. Samuel, M.P., on behalf of the Association of British Chambers of Commerce, embodying the suggestions laid down in the Report of the Committee specially appointed by the Association to consider the reform of the Bankruptcy Laws, which report was published in the Annual Report for 1923 (Appendix, page 84). Mr. Samuel's Bill being a private Bill, unfortunately had to give precedence to urgent Government business, and it was therefore necessary for the Board of Trade to block the Bill. As a result, a Conference was called in London, at which Mr. J. Horace Lockwood attended, on behalf of the Chamber.

It was agreed that Mr. A. M. Samuel should withdraw his Bill, and the Board of Trade undertook to set up a Departmental Committee to enquire into the whole subject. This they did. Up to the end of the year the report has not been published, but it is understood that the work has practically been completed, and it is anticipated that an amending Bill will be introduced by the Government in the very near future.

As a result of the agitation instituted by the Chamber, it is interesting to record that a considerably larger number of prosecutions have taken place during the year

in cases of fraudulent trading. Very strong remarks have been made by the London Recorder in cases that have come before him. The sentences imposed upon offenders also have been much more severe and it is evident that the Public Prosecutor is now taking more notice of these fraudulent bankruptcies than had hitherto been the case.

The attention of the Council was also drawn to the fact that commercial travellers' commission, in the event of the bankruptcy of the employer, is not regarded as having a preferential claim on the estate, and on the 25th November the following resolution was unanimously adopted:—

“ That this Council urges upon H.M. Government the necessity for an early amendment of the Bankruptcy Law relating to preferential claims upon bankrupt estates, with the object of enacting that remuneration for services in the form of commission, due to a Commercial Traveller in the event of his employer's bankruptcy, or the voluntary or compulsory liquidation of a Limited Liability Company, shall be treated as a prior claim, and enjoy the same privilege in this respect as though the remuneration were by salary.”

This resolution was forwarded to the Board of Trade and the Inspector in Bankruptcy.

### **Employment of Disabled Ex-Service Men Bill.—**

The passing of this Bill would make compulsory the employment of a percentage of disabled men, and being of opinion that the question of the employment of disabled men should be taken up by the Government rather than individuals, the Council at its meeting on the 24th June unanimously opposed the measure, and the Secretary was instructed to communicate with Members of Parliament to that effect.

**Factories Bill.**—On the 22nd May the Government introduced a Bill for the purpose of amending the present

Factories Act, by which a considerable number of new regulations were introduced.

This question was brought before the Law and Parliamentary Committee of the Chamber and after some discussion it was decided that the Secretary should communicate with the Employers' Section of the Industrial Council requesting that body to consider this Bill in all its details, and to forward a list of their objections or amendments to the Bill, in order that the Chamber might give the necessary support and weight to same.

Owing to the dissolution of Parliament, however, the Bill was not proceeded with. It is the declared intention of the present Government to introduce a new Factories Bill during the coming year.

**Hours of Employment Bill.**—The Government, in conformity with the Agreement at the Washington Convention, decided to introduce a Bill providing for a statutory 48-hour week. The Association of British Chambers of Commerce objected to the introduction of this Bill in view of the fact that many signatories to the Washington Convention had not fulfilled their obligations, and it was considered that Great Britain should not always be the first nation to take such steps.

The Bill was nevertheless introduced, and the matter was thoroughly discussed by the Law and Parliamentary Committee. It was unanimously decided that the Chamber should oppose the Bill on the grounds that it could not be worked, and the attempt to work it would place the country in a disadvantageous position competitively. Further, the Committee were of opinion that the subject was one for agreement between the trade interests concerned. As the wool textile industry had a

very good working agreement and harmony existed between employers and employed in the trade, legislation was not considered necessary.

It was further decided that Sir Francis Watson, M.P., Chairman of the Committee, should act as spokesman on behalf of the textile industry in the House of Commons, and that he should oppose the Bill. It was also suggested that Mr. H. H. Spencer, M.P., be approached with a view to his supporting Sir Francis Watson in this matter.

Owing to the dissolution of Parliament the Bill automatically lapsed.

**Representation of the People Act (1918) Amendment Bill.**—This Bill was presented to Parliament with the object of abolishing the business vote and giving a vote to all people at the age of 21.

The matter was discussed by the Council at its meeting on the 25th March, when it was reported that in No. 1 Polling District of the Central Division of Bradford, under this new Bill, the total votes would be reduced from 2,171 to 53.

At that meeting the following resolution was unanimously carried:—

“That any action taken by the Associated Chambers of Commerce to retain the business qualifications in Local Government and Parliamentary electoral constituencies will receive the support of the Bradford Chamber of Commerce and that it be a recommendation that they should make an effort to obtain the enfranchisement of directors of Limited Companies, and that a copy of this resolution be forwarded to our local Members of Parliament.”

---

## Transport Matters.

**City Road Coal Drops.**—Further attempts were made by the Chamber during the year to bring about a long overdue improvement in the Coal Drops at City Road.

A conference was arranged with Mr. Faulkner, Mineral Manager of the London and North-Eastern Railway, who, although in sympathy with the traders, stated that his Company could not entertain the suggestion of the erection of entirely new Coal Drops.

In the meantime, however, the Chamber has suggested to the L. & N.E. Railway Company that, in order to minimise the inconvenience of the existing drops, additional shunts with fewer wagons at a time should be made, and a reply is now awaited from the Railway Company.

**Harrogate and Bradford Train Service.**—This question has again been pursued by the Chamber, and a suggestion which would be an advantage to the many business men using this line was the introduction of a train which would leave Harrogate between 7.45 and 8 o'clock in the morning so as to arrive in Bradford somewhere between 8.30 and 8.45.

The Chamber again obtained the welcome support of the Harrogate Town Council, who nominated delegates to attend (in company with delegates from the Chamber), a Conference with the officials of the L. & N.E. Railway Company. This Conference took place in June, and very strong pressure was brought to bear upon the Company to accede to the request of the Chamber.

In October, however, the Company wrote to the effect that although they were desirous of assisting it was found

impracticable to run an additional train to Bradford at the time suggested.

The Chamber, however, has reason to believe that the Railway Company is endeavouring to overcome the difficulty.

**London and Bradford Train Service.**—The Chamber has repeatedly taken up this subject with the London and North-Eastern Railway Company, and drawn particular attention to:—

- (a) The inadequate accommodation for Bradford passengers on the trains from King's Cross to Bradford.
- (b) The length of time taken for the journey, particularly for the portion between Wakefield and Bradford.

Although the Railway Company promised to deal with the complaint, the Chamber was not satisfied with the efforts that they were making, and towards the end of the year raised a very vigorous protest against the conditions existing. The following resolution was unanimously passed at the meeting of the Council held in November:—

“That the Bradford Chamber of Commerce places on record its disapproval of the constantly late arrivals of scheduled trains between London and Bradford and strongly urges the L. & N. E. Railway to remedy this defect, and to improve the train facilities generally.”

As a result, the Chamber has received the following letter from the L. & N.E. Railway Company:—

The Divisional General Manager (Southern Area),

London & North Eastern Railway,

Liverpool Street Station,

London, E.C.2.

23rd December, 1924.

Dear Sir,

With reference to your letters of the 18th and 26th ultimo, in which special reference is made to the unpunctual running of certain trains used by business men between London and Bradford, I informed you, in my letter of the 19th November, that the question of the running of these trains was under investigation. In this connection I referred particularly to the train from Bradford due to arrive at King's Cross at 1.55 p.m., and the train leaving King's Cross at 5.45 p.m., and the conclusion to which we have come is that in view of the number of places from and to which portions of these trains are run, the trains are becoming overweighted. It has therefore been decided that, commencing from a date early in February, the trains will be duplicated, and a public announcement to this effect will shortly be issued.

It will, of course, be realised that the remedy we are applying is a somewhat expensive one in view of the large mileage involved, but the Company are anxious to meet the convenience of the travelling public, and it is hoped that the new services will result in greater punctuality being maintained.

Yours faithfully,

(Signed) ALEX. WILSON.

H. T. Tulloch, Esq.,

Secretary,

Bradford Chamber of Commerce.

**Shipley Platform.**—No definite reply having been received from the L.M.S. Railway Company as to their acceptance of the Chamber's suggestion to erect an additional platform at Shipley, the matter was again pressed on them in the early part of the year, and every available argument used to induce them to grant this facility.

In the middle of the year a reply was received from the Company stating that they could not see their way to accept the suggestion on the grounds that the cost of the necessary works would be too high, and the cost of maintenance and upkeep would also be more than would warrant the expenditure.

Later in the year it came to the notice of the Chamber that the London, Midland and Scottish Railway Company contemplated an expenditure of £10,000,000 in the improvement of the service, and again the Chamber drew the attention of the Company to the advantage that would accrue from the erection of a platform, and suggesting that part of this sum should be spent in this way.

The Chamber also received support from the United Commercial Travellers' Association of Great Britain and Ireland, Bradford Branch, and although success has not yet been achieved the Chamber is determined to press the Railway Company to grant this very necessary facility.

**Traders' Panel. Railway Rates Tribunal.**—The President of the Board of Trade accepted the nomination of the Chamber, and appointed Mr. James Ewing as representative of the Woollen and Worsted Trades on the General Panel under Section 24 of the Railways Act, 1921, for the period ending 31st March, 1925.

**West Riding Traders' Railway Association.**—This Association, which was formed under the ægis of the Chamber, has fully justified its existence, and has with great vigilance watched the interests of the members in all matters arising out of the Railways Act, 1921. The Transport Committee has met each month in the offices of the Chamber, under the Chairmanship of Mr. James Ewing. A full review of the work of the Association has

already been circulated amongst the members of the Chamber, and it is only necessary to deal briefly with a few of the outstanding items.

*Railway Companies' Schedules of Proposed Standard Rates.*—Objections have been officially lodged with the Railway Rates Tribunal to the Railway Companies' proposals, and information is gradually being got together in order that the interests of the members may be fully safeguarded when the case is heard before the Tribunal.

*Terms and Conditions of Carriage.*—In the early stages the Railway Companies' proposed terms and conditions of carriage were scrutinised by the Transport Committee of the Chamber, and eventually the work was taken in hand by the Association. The objections to the Railway Companies' proposals were co-ordinated through the Traders' Co-ordinating Committee, and as a result valuable alterations were agreed to by the Railway Rates Tribunal. The new terms and conditions as settled will come into operation as from the appointed day.

*Standard Revenue Enquiry.*—The first part of this enquiry, which involved a long hearing before the Railway Rates Tribunal, has now been disposed of, and it is pleasing to report that traders have succeeded upon every important point which they raised. The Railway Groups appealed against an important decision, but they have lost their appeal. This involved an allowance of approximately £822,000 which the Railway Companies desired to be included in the aggregate net annual revenue, and this sum has been disallowed, which will have its eventual bearing upon the new rates to be brought into operation from the appointed day.

*Exceptional Wool Rates.*—On the initiation of the Chamber's representatives the Association took in hand

the question of certain railway rates applicable to the staple trade of the district, and as a result, the following concessions have been granted by the Railway Companies:—

Wool tops, Bradford and Newcastle, for export, rate reduced from 25/2d. to 23/11d. per ton.

Difference 1/3d. per ton.

Woollen and worsted yarns, Bradford and Hawick. Rate reduced from 59/11d. to 56/9d. per ton.

Difference 3/2d. per ton.

Raw wool, Abingdon to Bradford, Eccleshill, Dudley Hill, Clayton, Bowling, Great Horton, and Laisterdyke. Rate reduced from 62/11d. to 57/9d. per ton.

Difference 5/2d. per ton.

Further negotiations are now in hand with the Railway Companies in regard to other rates.

*Finances.*—The Association expressed its hearty appreciation of the efforts of the President and of Sir Henry Whitehead in enlisting the assistance of the leading federations in the district, whereby the finances of the Association were put on a sound footing.

The Chamber desires to express its appreciation of the services rendered by its representatives, and in particular to Mr. Ewing for his close handling of the work as Chairman of the Transport Committee.

---

## Postal, Telegraphic and Telephonic Matters.

**Postal Committee of the Association of British Chambers of Commerce.**—The Association circularised the various Chambers suggesting the formation of a Postal Committee of the Association, and also suggesting

that the Chairmen of the Postal Committees of the various Chambers of Commerce should form the nucleus of this Committee.

The Council unanimously approved of the formation of this Committee in London, and nominated the Chairman of the Postal Committee, Mr. J. H. C. Hodgson, and in his absence, the Deputy Chairman, Mr. J. W. Downs, as the Chamber's representative.

**Bradford Postal Service.**—The Postal Facilities in Bradford were considered by the Chamber inadequate, and it was unanimously decided that a Conference should be held between representatives of the Chamber and the Bradford Postmaster. The subjects raised were:—

Restrictions on the Half-penny Post.

Closing of Sub Post Offices on half-day holidays and during dinner hours.

Late Delivery of Bradford Letters in London.

Letters lost in transit.

Delay in receiving repeat cable messages.

A large number of members attended this Conference and the Postmaster was informed of the general feeling of members in connection with the various subjects.

The Postmaster made notes of the complaints of members, and promised that wherever he possibly could he would take the necessary action to provide better facilities.

Later in the year it was reported by a member that his firm were receiving their morning delivery of letters at a very late hour, and the Postmaster was interviewed on this subject. The Postmaster went very thoroughly into the question with the result that the deliveries to

this firm were speeded up and a letter was received thanking the Chamber for their efforts in this connection.

**Conference.**—A Postal Conference was organised by the Association of British Chambers of Commerce, and was held in Birmingham on the 21st January. Notwithstanding that a Railway Strike occurred there was a large attendance of delegates, when the undermentioned items were discussed:—

- Imperial Penny Postage.
- Half-penny Post.
- Inland Sample Post.
- Parcels, weights and dimensions.
- Cash on delivery parcels by post.
- Closing of Sub-Post Offices.
- Deliveries and Collections.
- Trade Journals.
- Inland Telegrams.
- Telegraphic Addresses.
- Private Boxes and Bags.
- Telephone Deposits.
- Telephone Service.

Resolutions were adopted on all these subjects, and eventually a letter was addressed to the Postmaster-General on behalf of the Association. Unfortunately, the Postmaster has not seen his way to grant any of the facilities which were called for in the various resolutions.

Strong representations have been continuously made in favour of the re-introduction of the Penny Post, and there is every reason to hope that this will be granted in the next Budget.

**Mails from South America.**—The Chamber received a complaint that the mails carried on British boats from

South America took considerably longer to reach England than those carried on foreign boats. The Association of British Chambers of Commerce have been very active in this matter, and it was decided to urge the Association to press the Post Office to give more prompt deliveries. The Post Office suggested that as regards mails from this country to South America correspondents should not stipulate the boat by which the letters should be carried, but that it should be left with the Post Office who would forward them by the quickest available steamer.

It was also decided to urge the British Chambers of Commerce in South America to bring the question of delays before the Postal Authorities on the other side, and to press for better facilities being provided.

**Post Office Boxes on Tramcars.**—Several interviews have taken place between the Chairman of the Postal Committee and the Bradford Postmaster, and a suggestion that had been made to the Postmaster, viz., that Post Office Boxes should be placed on Tramcars at the termini was adopted, as an experiment for one year.

---

## British Empire Exhibition.

The outstanding feature of the work of the Chamber during the year was the exhibit at Wembley. As previously reported, the form taken was that of a Mannequin Parlour, where dress materials were displayed by Mannequins during the whole period of the Exhibition. Machinery weaving dyed yarns was also a great attraction, whilst show-cases grouped around the main exhibit showed wool in its various processes from the

raw material to yarn ready for weaving, and others displayed fabrics similar to those worn by the mannequins during the parades.

**Receptions.**—Prior to the opening of Wembley the Chamber organised two Receptions in London. The first was a social function held at Claridge's Hotel, on the 10th April, which was attended by H.R.H. The Princess Mary (Viscountess Lascelles) and 1,500 distinguished visitors. Her Royal Highness took a very keen interest in all the fabrics displayed. Many leaders of London social life were present, and in addition to H.R.H. Princess Mary (Viscountess Lascelles) and Viscount Lascelles the following ladies and gentlemen extended their patronage to the Reception:—

Duke & Duchess of Devonshire.	Robina Viscountess Mountgarret.
Duke & Duchess of Portland.	Lord & Lady Henry Bentinck.
Duchess of Atholl, M.P.	Sir John & Lady Barran.
Marquis & Marchioness of Zetland.	Sir James & Lady Hill.
Earl & Countess of Harewood.	Sir Francis & Lady Watson.
Earl & Countess Fitzwilliam.	The Lord Mayor & Lady Mayoress of Bradford.
The Countess of Bective.	The Mayor & Mayoress of Nottingham.
Viscountess Astor, M.P.	

The Duchess of Portland, the Countess of Bective and Lady Henry Cavendish-Bentinck rendered the Committee every possible help, and on the 29th April the Council unanimously passed the following resolution as a tribute to Lady Bective's untiring efforts on our behalf:—

"That this meeting of the Council of the Bradford Chamber of Commerce desires to place on record its appreciation of the generous assistance rendered by the Countess of Bective, and further to express its grateful thanks to Her Ladyship for her efforts on behalf of the Bradford trade, not only at the present juncture but for the period covering the last forty-two years."

The second Reception was held at the Hyde Park Hotel on the 11th April, and was for the purpose of displaying the fabrics to the trade. A large number of

representatives of wholesale and retail provincial houses attended and purchased duplicates of the models shown at Wembley. The Overseas Dominions were strongly represented and the under-mentioned list of towns gives an indication of the widespread efforts made to place Bradford's productions prominently before the world:—

<i>Great Britain.</i>	London.	Leicester.
	Edinburgh.	Liverpool.
	Bradford.	Middlesborough.*
	Falmouth.	Nottingham.
	Glasgow.	Plymouth.
	Huddersfield.	Sheffield.
	Hull.	Southsea.
	Leeds.	Sunderland.
<i>Overseas—</i>		
<i>Australia.</i>	Melbourne.	Perth.
		Sydney.
<i>China.</i>	Hankow.	Shanghai.
	Hong Kong.	Tientsin.
<i>New Zealand.</i>	Auckland.	Christchurch.
	Dunedin.	Gisborne.
		Wellington.
<i>South Africa.</i>	Cape Town.	Durban.
<i>U.S.A.</i>	New York.	

Some £7,400 worth of models and piece goods were sold on this afternoon, and large show cards were supplied to all firms for display purposes.

A further Reception was held on the 6th May at Wembley, which was attended by 70 representatives of the Press in Great Britain, and at which the formal opening of the Mannequin Parlour was performed by the Right Hon. Lord Barnby in the presence of a distinguished gathering.

**Visits of Royalty.**—Their Majesties the King and Queen paid a special visit to the Chamber's exhibit and were conducted round by Sir Henry Whitehead. H.M.

the Queen of Spain, H.M. the Queen of Roumania, and their Majesties the King and Queen of Italy also visited the exhibit, in addition to many other Foreign Royalties.

Both Her Majesty and Her Royal Highness the Princess Mary (Viscountess Lascelles)) honoured the Chamber by graciously accepting lengths of Wembley cloths and the following letters of appreciation have been received by the Chamber:—

Buckingham Palace,  
15th May, 1924.

The Lady-in-Waiting is commanded by the Queen to express Her Majesty's most grateful thanks for the lengths of cloth so kindly sent by the Bradford Chamber of Commerce.

The Queen appreciates the gift very much, and is charmed with the beauty of the materials.

Chesterfield House,  
Mayfair, W.1.

Dear Sir,

Thank you very much for your letter of the 12th instant, which I have delayed answering as Princess Mary was away and only returned to London at the end of last week.

Her Royal Highness is delighted with the cloths and she hopes you will express to all the members of the Chamber of Commerce at Bradford her very grateful thanks for, and appreciation of, their charming gift to her.

I must thank you for letting the Lady-in-Waiting to Her Majesty know that the cloths were being sent off on the 12th instant.

Believe me,

Yours truly,

DOROTHY YORKE, *Lady-in-Waiting.*

**Publicity.**—It can confidently be claimed that Bradford productions were given a publicity such as has never been known in the history of the City, and newspapers containing reports and comments have been received

from all over the world. In this connection the Chamber desires to place on record its sense of the valuable support received from the whole of the Press, who generously and without stint published photographs and gave detailed reports of the various functions organised by the Chamber.

**Co-operation of Other Industries.**—The Chamber desires to place on record its appreciation of the support received from the undermentioned Federations and firms who generously provided hats, gloves, shoes and stockings free of charge for the use of the mannequins during the parades:—

Marshall & Snelgrove, Ltd., London.

Yeovil and District Glove Manufacturers' Association.

Leicester Boot Manufacturers' Association.

Leicester Hosiery Yarn Manufacturers' Association.

**Support of the Trade.**—Though the duplicate displays of the Wembley Spring and Summer Models were a pronounced success, the general support given by the large retail establishments was small. Considering that it was a "British" year, it was only natural to suppose that the retail stores would have made an effort to boom British goods; on the contrary, they made every effort to sell as much foreign materials as possible. Large full page advertisements appeared in the Press, and the attention of the Chamber was frequently called to the lack of support given by these houses. The following letter is typical:—

May I put forward the view of a consumer? I am willing to buy English-made silks and satins in preference to foreign goods, but I do not know the name or address of any British manufacturer of silks and satins, and in any case I do not suppose that I can order direct from a manufacturer. A few days ago I wrote to one of our big London stores asking for patterns of

English silks and satins; patterns were sent, but no mention was made that they were of British manufacture, so I gathered they were of foreign make.

I returned these and asked for English patterns from one of the big London shops, exactly the same thing occurred, the patterns sent me were evidently of foreign origin.

Is it possible for the English manufacturers of silks and wools to establish a silk and wool house in London, where the ordinary consumer could inspect and order goods with the certain knowledge that when English materials are asked for, that English materials are supplied. I think that this would be a means of bringing pressure to bear on shops and stores and that they would then stock materials of English manufacture.

Numbers of the general public attempted to purchase Bradford goods, but the response from many retail establishments was very disappointing.

**Finance.**—The response from members to numerous appeals has not been sufficient to meet the heavy expenditure and a deficit of £5,252 4s. 9d. is owing to the Bank. During the run of the Exhibition the Committee were faced with the risk of withdrawing, but Sir Henry Whitehead generously came forward and guaranteed the overdraft at the Bank. A strong effort is being made in the new year to liquidate this indebtedness.

**Continuance of Exhibit in 1925.**—The British Empire Exhibition Authorities have decided to re-open the Exhibition in 1925, and the Chamber has been approached to continue the Exhibit. A meeting of members was held on the 13th October in the Mechanics' Institute, at which the following resolution was passed:—

“That providing the money is forthcoming the Chamber's Exhibit should be continued next year.”

The Committee have since considered this question, and it has been unanimously decided that unless the

necessary funds or guarantees are forthcoming no further action can be taken. It has been further decided to assess the trade on the following basis:—

Wool Merchants and Top Makers.	£5,000.
Woolcombers.	10/- per Comb.
Spinners.	£2 per 1,000 Spindles.
Manufacturers.	2/6 per loom.
Yarn Merchants and Piece Merchants.	£2,000.

Two canvassers are also to be appointed to interview traders for support, and the Chamber has requested an extension of time till the 1st February, 1925, in which to forward their decision to the British Empire Exhibition Authorities.

---

## Miscellaneous.

**Golf Match Between Manchester and Bradford Chambers of Commerce.**—The Manchester Chamber invited the Bradford Chamber to go to Manchester to take part in a Golf Match and Members of the Council accordingly visited Manchester on the 17th September, when the Bradford Chamber were successful by six matches to three. The Manchester Chamber entertained the members to luncheon and speeches of welcome and good wishes for continued co-operation between the two Chambers were made by Sir Edward Rhodes and Mr. John Emsley, J.P.

A letter of appreciation of the Manchester Chamber's hospitality was also sent.

**Presentation to Ald. H. M. Trotter, J.P.**—The President having called attention to the splendid way in which Alderman Trotter had assisted the work of the Chamber during his term of office as Lord Mayor, it was unanimously decided that a small presentation should be made in recognition of his services.

Alderman Trotter was accordingly invited to attend the meeting of the Council on the 25th November on the termination of his year of office as Lord Mayor, and the President, supported by Sir William Priestley, presented to Alderman Trotter a silver dessert dish suitably inscribed.

Alderman Trotter, in reply, said that the presentation was an agreeable surprise to him, and the fact that at the end of his year's office his services should be acknowledged by the leading body representing the commerce and industry of the City was an immense satisfaction to him. He thanked the Council for their token of appreciation and stated that it would be permanently valued by himself and his family.

**Treatment of Foreigners.**—The British National Committee of the International Chamber of Commerce reported that it was the Committee's intention to place a resolution on the agenda of the Congress of the International Chamber of Commerce in June, 1925. The Council unanimously decided to support the resolution, which is as follows:—

“That it is in the interests of all Nations that International Trade should be developed on the freest possible lines and that the minimum restrictions should be placed on foreigners consistent with the right of the individual and the security of the State.”

**West Riding Chambers of Commerce Joint Committee.**—The West Riding Chambers of Commerce Joint Committee held several meetings during the year, when

the question of the evidence to be submitted to the Committee on Industry and Trade was discussed. It was reported that the Bradford and Huddersfield Chambers of Commerce had received an invitation to give evidence, and it was unanimously decided that both these Chambers should accept the invitation for the time being, and that at a later date the Committee on Industry and Trade should be informed that evidence would be given on behalf of the West Riding Chambers of Commerce as a body.

At the Meeting held on the 25th October Sir Henry Whitehead, J.P., was re-elected as the Chairman of the Committee.

**British Imperial Council of Commerce.**—The Tenth Congress of Chambers of Commerce of the Empire was held in London on the 1st to 4th July, and Mr. J. H. C. Hodgson attended as the Chamber's Delegate.

A number of resolutions were passed and those in which the Chamber took an active part were as follows:

Dominion Rate of Exchange.

Commercial Arbitration.

## ASSOCIATION OF BRITISH CHAMBERS OF COMMERCE.

The Quarterly Meeting of the Association was held in Birmingham on the 22nd January, when 15 resolutions on a variety of subjects were passed. The special resolution of the Bradford Chamber of Commerce, seconded by the Leicester Chamber, was as follows:—

“ That this meeting of the Association of British Chambers of Commerce approves of the Report of the late Committee of the Association on the question of amendments of the Bankruptcy

Act, and strongly urges the Executive of the Association to take all possible steps to have these amendments carried into effect."

The day preceding, the 21st January, a Postal Conference was held in Birmingham, when some 13 resolutions dealing with a variety of subjects were passed. The Bradford resolutions were:—

*Halfpenny Post.* (a) That in view of the widespread dissatisfaction, inconvenience and loss caused by the restrictions for posting communications sent at the halfpenny printed paper rate, this Conference is of the opinion that these restrictions should be abolished, and strongly urges that these communications should be dealt with in the ordinary way irrespective of the time of posting, as formerly.

(b) This Conference is also of the opinion that the place, date, and time of collection should be stamped on all communications in a legible manner.

*Closing of Sub-Offices.* This Conference desires to protest against the mid-day and half-day closing of sub-offices, and is of opinion that all offices where two or more assistants are employed should open before 9 o'clock in the morning, and should not be closed at mid-day or on early closing days, nor should such offices be closed on the day following Bank Holidays.

The Chamber's Delegates to these meetings were:—

Sir W. E. B. Priestley, J.P. (Vice-President).

Mr. J. H. C. Hodgson.

Mr. J. H. Lockwood.

Mr. E. E. Thackery.

The Annual Meeting of the Association was held on the 21st and 22nd May, at the Hotel Victoria, London, when 30 resolutions were passed. The Bradford Chamber were particularly interested in two resolutions, viz.:—

*Section 21, Finance Act, 1922.* (See Taxation matters.)

*German Import Restrictions.* That, in the opinion of this Association, steps should be taken to prevent any renewal of the special arrangement which terminates in January, 1925, included

in the Treaty of Versailles, whereby textiles manufactured in Alsace have to be admitted into unoccupied Germany duty free without import restrictions, and in quantity fixed by the French Government, equal to the average of the amount sent in 1911-13, as against only 7 per cent. of the pre-war quantities allowed from Great Britain, which is subject to import restrictions and licences.

That the Executive Council be requested to take such action as may be desirable with this object in view.

The Annual Dinner of the Association was held on the evening of the 21st April, when H.R.H. Prince Arthur of Connaught was the Chief Guest. Other guests included the Rt. Hon. Philip Snowden, Chancellor of the Exchequer, and the High Commissioners for the Dominions.

The Delegates from the Chamber were:—

Mr. F. A. Aykroyd, President.  
 Sir W. E. B. Priestley, J.P., Senior Vice-President.  
 Mr. J. Emsley, J.P., Junior Vice-President.  
 Mr. W. Andrews.  
 Mr. J. H. C. Hodgson.  
 Mr. J. H. Lockwood.  
 Mr. J. D. Law.  
 Mr. H. H. Spencer, M.P.  
 Mr. H. T. Tulloch (Secretary).

The General Meeting of the Association was held on the 13th November, when 18 resolutions were carried. The Bradford Chamber was specially interested in the following:—

*Free Importation of Alsace-Lorraine Products into Germany.*

That this Association strongly opposes any extension of the period for the free importation of Alsace-Lorraine products into Germany after the termination of the Versailles Treaty Clause in January next, and urgently requests His Majesty's Government to take all possible steps to prevent an extension, as such would be detrimental to British Trade.

This Association also strongly protests against any Treaty with Germany giving any other country more favourable terms than are accorded to Great Britain.

The Chamber's Delegates were : —

Mr. F. A. Aykroyd, President.

Sir W. E. B. Priestley, J.P., Senior Vice-President.

Mr. J. Emsley, J.P., Junior Vice-President.

Mr. W. Andrews.

Mr. J. H. C. Hodgson.

Mr. H. T. Tulloch (Secretary).

## APPENDIX.

## APPENDIX No. 1.

**FOREIGN LANGUAGES SCHOLARSHIPS.**

## DEED OF GIFT.

THIS INDENTURE made the Twenty-third day of December, One thousand nine hundred and twenty-four, BETWEEN The Founder's Representative of the one part and THE BRADFORD CHAMBER OF COMMERCE INCORPORATED whose registered Office is situated at Bradford (hereinafter called "the Chamber") of the other part—

WHEREAS a person (hereinafter called "the Founder") who wishes to remain anonymous during his lifetime is desirous of establishing endowing and carrying out a scheme for encouraging the study of foreign languages by making grants for the maintenance of British-born Students (preferably Yorkshiremen) in foreign Countries with the view of promoting Commerce between England and such foreign Countries. AND WHEREAS with a view to carrying out such wish and desire the Founder has entrusted the Founder's Representative with the monies and securities specified in the First Schedule hereto. AND WHEREAS the Founder's Representative has requested the Chamber to undertake the establishment and carrying out of the said Scheme which they have agreed to do. AND WHEREAS the Founder's Representative has caused the monies and securities specified in the said First Schedule to be paid and transferred to the Chamber to the intent that the same shall be held and the income thereof applied for the charitable purpose hereinafter declared, NOW THIS INDENTURE WITNESSETH that it is hereby agreed and declared as follows:—

1. THE Chamber may either retain the said securities in their present state of investment or may invest the same or any of them and the said monies on loan to the Corporation of the City of Bradford or in such other securities as may for the time being be authorised by law for the investment of trust moneys.
2. THE Chamber shall apply in perpetuity the income of the said securities and cash and the varied investments for the time being representing the same for the following charitable purpose and not otherwise, that is to say:—

The study of Foreign languages in foreign

Countries by natural-born British subjects (preferably Yorkshiremen).

3. THE charitable purpose aforesaid shall be executed by the making of grants of such amount or amounts as the Chamber shall from time to time decide in accordance with the Regulations set out in the Second Schedule hereto or such other Regulations as may from time to time be agreed upon between the Founder's Representative and the Chamber during the lifetime of the Founder or as may after the death of the Founder be approved by a majority of the whole number of the Members of the Council of the Chamber for the time being.
4. UNAPPLIED income of the Trust Fund may be accumulated and may be held and applied either as part of the capital of the Trust Fund or as income of any year.
5. THE Chamber shall if required by the Founder's Representative during the lifetime of the Founder publish twice a year in three daily newspapers circulating in Bradford an advertisement stating what grants (if any) are available for the time being for applicants under the terms of the Regulations for the time being in force.
6. AFTER the death of the Founder the trust fund and all grants made out of the Income thereof shall be identified with the name of the Founder in such manner as may be indicated by the Founder's Representative or failing him by the legal personal Representatives of the Founder.
7. IF any duty shall become payable on the death of the Founder in respect of the Trust Fund such duty shall be paid by the Chamber out of the Capital of the trust fund.
8. THE Chamber shall accept as conclusive any certificate given by the Founder's Representative as to the name of the Founder or as to his continued existence.
9. IN the matter of the trusts of these presents the Chamber shall act by its Council.

IN WITNESS whereof the Founder's Representative has hereunto set his hand and seal and the Chamber has hereunto affixed its Common Seal the day and year first hereinbefore written.

## THE FIRST SCHEDULE.

£22,000 5% War Loan Bonds, 1929-1947.

£11,000 5% National War Bonds (Second and Third Series), 1928.

£7,700 3½% Conversion Loan Bonds, 1961.

## THE SECOND SCHEDULE.

*Regulations for Language Scholarships.*

1. THE Council of the Chamber make Grants to persons intending to reside in foreign Countries in order to obtain a knowledge of foreign languages for business purposes.
2. APPLICATIONS for Grants must be made upon forms which can be obtained from the Secretary of the Chamber.
3. GRANTS will be made for six months' residence and may be renewed for further periods not exceeding in the whole eighteen months at the discretion of the Council. Grants will be payable by instalments and any Grant may be suspended or withdrawn at any time if the Council shall be of opinion that the recipient is not making good use of his opportunities. It is expected that students will be affiliated to business firms of good standing in the Countries to which they go.
4. PREFERENCE will be given at the discretion of the Council in the first place to Yorkshiremen (by parentage birth or residence) and secondly to persons intending to study Spanish or Russian.
5. SUCCESSFUL applicants will be required on receipt of the first instalment of the Grant made to them to give an undertaking that they will proceed forthwith to the Country which they have selected and remain there for not less than six months without interruption unless the Council release them from such obligation. In special cases the Council may continue a Grant for not more than three months after the return of the recipient to England, if satisfied that the Student is continuing his studies.
6. THE Council will be at liberty to publish the names of successful applicants from time to time in any manner they may think fit.

Signed sealed and delivered by the Founder's Representative.

The Common Seal of THE BRADFORD  
CHAMBER OF COMMERCE INCORPORATED  
was hereunto affixed in the  
presence of     ...     ...

(Sgd.) F. A. Aykroyd, President.

(Sgd.) H. T. Tulloch, Secretary.

## APPENDIX No. 2.

**SCHEME FOR A REVISED CLASSIFICATION OF  
WOOLS AND WOOL-PRODUCTS FOR THE  
MONTHLY TRADE RETURNS ISSUED BY THE  
BOARD OF TRADE.**

The proposals recommended are as follows :—

1. *Wool*.—In all three sections of the Returns, Wool should be classified to distinguish—

- (a) Merino Wool.
- (b) Crossbred Wool.

The figures for each division should be analysed to show countries of origin or destination.

2. *Wool Waste and Wool Noils*.—Wool Waste and Wool Noils should be separated in the Imports as well as in the Exports Section. The figures to be analysed by countries in each case.
3. *Wool Tops and Wool Flocks*.—In all three sections “Wool Tops” should be given separately, and “Wool Flocks” should be included with “Woollen Rags (pulled).” The new classification would be—

- (a) Woollen rags (pulled) including Wool Flocks.
- (b) Woollen rags (not pulled).
- (c) Wool Tops.

In the Exports Section, Wool Tops should be divided into

- (a) Merino Tops (60's and upwards).
- (b) Crossbred Tops.

The figures for each division should be analysed to show countries of origin or destination.

4. *Yarns*.—In the description of Worsted Yarns, the words “or Carded” should be omitted, so as to make it clear that a Worsted Yarn is of Combed Wool and a Woollen

Yarn is not. In all three sections of the Returns, Wool Yarns should be classified into :—

- (a) Woollen Yarns (Carded).
- (b) Worsted Yarns (Combed) Merino.
- (c) Worsted Yarns (Combed) Crossbred.
- (d) Yarns of Wool mixed with cotton or other fibres.

In the Imports and Exports Sections, the figures in each of these classes should be analysed to show countries of origin or destination.

5. *Worsted and Woollen Tissues*.—A new classification for Woollen and Worsted Tissues should be adopted as follows :—

- (a) Worsted Tissues (All Wool).
- (b) Woollen Tissues (All Wool).
- (c) Tissues of Worsted Warp and Woollen Weft.
- (d) Worsted Tissues with Cotton Warp or Weft.
- (e) Woollen Tissues with Cotton Warp.
- (f) All other Tissues of Worsted and/or Woollen mixed with Cotton or other fibres.
- (g) Tissues of Mohair, Alpaca, etc., in chief value, not being Pile Fabrics.

Each of these seven classes, as well as the totals of all seven together, should be analysed in the Returns to show countries of origin or destination.

In the Imports and Re-exports Sections, some of these classes would be unnecessary, but the basis of classification should be adopted as far as applicable.

The analysis by weight should be uniform, and the classes should be as follows :—

- Over 16 ozs.
- 12 to 16 ozs.
- 8 to 12 ozs.
- 6½ to 8 ozs.
- Under 6½ ozs.

The class “Flannels and Delaines” should be discontinued. No alteration is suggested in the remaining classes.

6. *Artificial Silk*.—Artificial silk is of course not classed as a wool product, but in view of its increasing interest to

West Riding traders it may be pointed out that in the Exports Section of the Returns, the total value only is given of the Exports of Artificial Silk, including Yarns and Tissues. It is proposed that the figures should be analysed to show :—

Artificial Silk, Tops and Wastes.

Artificial Silk Yarns (Weight and Value).

Artificial Silk (chief value) Tissues (Square Yards and Value).

For all three sections countries of origin and destination should be shewn.

*List of Countries.*—Provision should be made for the frequent revision of the lists of countries of origin and destination, so that the moment a country becomes of importance as a source of origin or a consumer with regard to a given article, the figures for that country may be taken out of the "other countries" total and given a separate place on the list. It should not, however, become the habit to drop a country from the list as soon as its dealings in the article decline, so long as the market is still of interest to traders.

As regards each important article, the imports and exports are analysed in the Returns to show the quantities imported or exported to each of the principal countries, the list of such countries varying according to the trade done in the article. The figures for the less important markets are lumped together with the heading "other countries." But it is difficult to say what principle is adopted by the Board of Trade in selecting the countries for separate entry in the lists. Apparently the lists, once compiled, remain unaltered for long periods, however the trade may vary. For example, the United States have never figured in the Returns as customers for Tops, although in some recent periods they have been our largest customers for that article. Their purchases swell the figures for "other countries," even where they take more than half the total, and countries are separately named whose dealings are comparatively insignificant. Again, Czecho-Slovakia and Poland have not yet figured in any list, important as they are in the wool-textile trades. It seems to be an easier matter for the Board to drop a country out of its lists, for Russia no longer appears as a customer for worsted yarns and alpaca yarns, although she once headed the lists. This change has been surprisingly made just at the moment (January, 1924) when the Russian Government has

been given *de jure* recognition, and when it is generally hoped that trade with Russia may be resumed on an increasing scale. There is surely no harm in informing us by a single line of type, whether there is anything doing with Russia or not. To watch the growth of our trade with Russia will now be a matter of peculiar interest.

Regarding No. 1.—It would be of very great interest to have a correct statement showing the proportions of merino and crossbred in our imports and exports of wool. It would give a ready indication of the amount taken for home consumption in each class, and would make year to year comparisons much more instructive. The distinction is made in other countries in their returns, and does not seem to present any difficulty.

Regarding No. 3.—There is no justification whatever for the lumping together of Wool Tops and Wool Flocks, which are dissimilar both in their nature and their use. The dealings in Wool Flocks are very small, and apparently the Board of Trade have classed them with Wool Tops for lack of a miscellaneous class to which they could be relegated. Wool Tops, however, are important and should not be confused with anything else.

(The proposed change is made in the January Returns as regards Imports, but not as regards Re-exports).

Regarding No. 4.—It will make for clearness and uniformity of the word "Worsted" if it is exclusively applied throughout the Returns to Yarns and Fabrics of Combed Wool. At present some shippers class a carded wool yarn, in which the wool has not been combed, as worsted, if it is used by a worsted manufacturer for his milled goods.

Regarding No. 5.—In the Monthly Returns of Exports, Woollen and Worsted Tissues now occupy two folios (four pages). The proposed classification would require seven folios (fourteen pages). It is possible that the Board may be reluctant to grant this extension, but it may be pointed out that Cottons are classified in very much greater detail, and a stronger case should be made out for the analysis here proposed than for the minute analysis of cottons. It is especially important that the large consumption of worsted yarns in fabrics now classed as woollens should be shown in the returns, which give at present an exaggerated importance to carded wool products.

There is at present no distinction between fabrics of wool and fabrics of Mohair, Alpaca, etc., though the distinction is preserved as regards raw materials and yarns. Class (g) would separate these goods.

On the question of weights, it should be borne in mind that the weights apply to the square yard, and are therefore to be increased by one-half to get the weight per yard of a 54 in. cloth. The class "under  $6\frac{1}{2}$  ozs." is introduced with the idea of making a division in which few if any men's wear cloths, other than linings, will be included. Much lighter weights are now used for men's wear than was the case when the present classification was established.

There is no apparent reason why Flannels and Delaines should be classed together. Delaines are no longer an important article of trade. The word "Flannels" is applied to such a wide and diverse range of fabrics, some all-wool, some cotton warp, that it hardly indicates anything except a finish. The tissues hitherto so classed should be included in their appropriate class.

*Necessity for Extended Classification.*—The Committee is convinced that the space allotted to the wool textile trade is totally inadequate in view of the total amount in sterling involved. The exports of cotton yarns and manufactures cover  $28\frac{1}{2}$  pages in the Returns and during the first three months of 1924 the value covered was £1,690,000 per page. On the other hand, the exports of woollen and worsted yarns and manufactures cover only a little over 6 pages, and the value dealt with was £2,610,000 per page.

---

## APPENDIX No. 3.

**ANGLO-FRENCH ARBITRATION AGREEMENT.**

## BETWEEN

- Les Chambres de Commerce de Roubaix et de Tourcoing  
(Présidents, MM. Georges Motte and Louis Lorthiois).
- L'Union des Negociants en Laines de Roubaix-Tourcoing  
(Président, M. Pierre Flipo).
- Le Syndicat des Negociants en Dechets de Roubaix-Tourcoing (Président, M. Paul Delmasure).
- Le Syndicat des Negociants en Blousses de Roubaix-Tourcoing (Président, M. Paul Beulque-Lemmens).
- Le Syndicat des Peigneurs de Laines de Roubaix-Tourcoing  
(Président, M. Albert Prouvost).
- L'Union des Filateurs de Laine Peigné de Roubaix-Tourcoing (Président, M. Romain Flipo).
- L'Union des Filateurs de Laine Cardée de la Région du Nord  
(Président, M. Joseph Dillies).
- Le Syndicat des Laveurs & Cardeurs de Roubaix-Tourcoing (Président, M. Albert Courcelie).
- L'Union Professionnelle des Teinturiers-Apprêteurs  
(Président, M. Hannart).
- Le Syndicat des Fabricants de Bonneterie de Roubaix-Tourcoing (Président, M. G. Desrumont).
- Le Syndicat des Fabricants de Tissus de Roubaix-Tourcoing  
(Président, M. Mathon).
- L'Union des Fabricants de Tissus pour Ameublement du Nord de la France (Président, M. Ed. Rasson).
- Le Syndicat des Fabricants de Tapis de Roubaix-Tourcoing  
(Président, M. Jules Lorthiois).
- La Chambre Syndicale du Tissu  
(Président, M. Charles Florin).

## OF THE ONE PART, AND

- The Bradford Chamber of Commerce (Incorporated)  
(President, Mr. F. A. Aykroyd).

The British Wool Federation  
(President, Mr. S. Harland).

The Worsted Spinners' Federation  
(President, Sir Henry Whitehead, J.P.).

The Association of Export Merchants of Raw Materials and  
Yarns (President, Mr. Joseph Clay).

## OF THE OTHER PART.

### *English Text.*

Article I.—The above mentioned groups have agreed to strongly recommend their respective members to submit all disputes to arbitration, with the object of establishing closer relations between England and France and avoiding as far as possible the recourse to law in commercial differences.

Article II.—The Bradford Chamber of Commerce and the Chambers of Commerce of Roubaix and Tourcoing, together with the above mentioned Associations have agreed to strongly recommend their respective members to stipulate in their contracts that all disagreements which may arise in the course of execution of contracts will be submitted to the arbitration of the Chambers of Commerce on the following conditions :

Article III.—It is mutually agreed that the Chamber of Commerce competent to settle the question shall be

### *French Text.*

Article I.—Les groupements précités se déclarent d'accord pour inviter formellement leurs membres respectifs à soumettre tout litige à un arbitrage dans le but d'établir des relations plus étroites entre l'Angleterre et la France et d'éviter autant que possible l'intervention des tribunaux officiels dans les différends commerciaux.

Article II.—La Chambre de Commerce de Bradford et celles de Roubaix et de Tourcoing, de même que les Associations précitées, se déclarent également d'accord pour inviter formellement tous leurs membres respectifs à stipuler dans leurs contrats que tout différend qui se produirait au cours de l'exécution des contrats sera soumis à l'arbitrage des Chambres de Commerce aux conditions suivantes :

Article III.—Il est admis d'un commun accord que la Chambre de Commerce compétente pour régler la question sera

that of the seller, or where work is done on commission, in the country where the work is performed.

celle du vendeur ou du façonnier.

Article IV.—Immediately a dispute has arisen the parties thereto will sign an agreement for arbitration setting forth the details of the dispute.

Article IV.—Aussitôt que le litige aura pris naissance, les parties signeront un compromis désignant les objets du litige.

Article V.—Arbitration having been decided upon, two arbitrators shall be appointed by the competent Chamber of Commerce. In case the appointed arbitrators are not able to arrive at an agreement, they shall appoint an umpire and in default of an agreement on this point between the two arbitrators, the appointment of the umpire shall be made by the competent Chamber of Commerce.

Article V.—L'arbitrage ayant été décidé, deux arbitres seront nommés par la Chambre de Commerce compétente. Au cas où les deux arbitres désignés ne pourraient arriver à s'entendre ils devront nommer un tiers arbitre et à défaut d'accord sur ce point entre les deux arbitres, la désignation du tiers arbitre sera faite par la Chambre de Commerce compétente.

The arbitration shall be carried out in accordance with the Rules and Procedure of Arbitration obtaining under the competent Chamber of Commerce.

L'arbitrage sera rendu d'accord avec les règles et procédure d'arbitrage en usage à la Chambre de Commerce compétente.

Article VI.—The decision of the Arbitrators or of the Umpire is final and binding (irrevocable).

Article VI.—La décision des arbitres ou du tiers-arbitre est définitive et irrévocable.

Article VII.—If one of the parties to a dispute refuses to sign the agreement mentioned in Article IV. or to abide by the decision of the arbitrators or the umpire,

Article VII.—Si l'une des parties mises en cause dans l'arbitrage refuse de signer le compromis prévu à l'art. 4 ci-dessus ou d'observer la décision apportée par les

the Chamber of Commerce for the other party may bring the matter to the notice of its members and name the party who has not fulfilled the term of this agreement.

arbitres ou le tiers-arbitre, le Chambre de Commerce de l'autre partie pourra porter le fait à la connaissance de chacun de ses membres et adhérents avec le nom de la personne qui a violé ses engagements.

Signed at Roubaix,  
26th September, 1924.

Délibéré à Roubaix,  
le 26 Septembre, 1924.

A. DAMEZ.

MAURICE DUBRULLE.  
H. T. TULLOCH.  
J. H. C. HODGSON.

It is suggested that the following clause should be included in all contracts :—

This contract is subject to the Arbitration Agreement between the Bradford and Roubaix-Tourcoing Chambers of Commerce and their allied Federations and Associations, dated 26th September, 1924.

---

## APPENDIX No. 4.

**ROUBAIX-TOURCOING CHAMBERS OF COMMERCE.**

## ARBITRATION RULES.

**CHAMBRES DE COMMERCE DE ROUBAIX-TOURCOING.**

## REGLEMENT D'ARBITRAGE.

*English Text.**French Text.*

Article I.—When an agreement between the parties, which shall have the effect of submitting a controversy to the Arbitration of the Chambers of Commerce of Roubaix-Tourcoing, accompanied by a written declaration in quadruplicate by each party, specifying the questions under dispute, shall be deposited in the hands of the Secretary of the Roubaix-Tourcoing Chambers of Commerce, the dispute (except in cases where the Arbitration Committee of the said Chambers of Commerce shall have decided not to take it up) will be the object of arbitration and will be settled by arbitrators appointed by the Arbitration Committee, in the manner and on the terms and conditions indicated below.

Article Ia.—As soon as the Arbitrators shall have been appointed by the Arbitration Committee, by application of Art. 1 of the present

Article I.—Lorsqu'un compromis entre les parties qui aura pour effet de soumettre un différend à l'Arbitrage des Chambres de Commerce de Roubaix-Tourcoing accompagné d'une déclaration écrite fait en quadruple exemplaire par chacune des parties spécifiant les questions en litige sera déposé entre les mains du secrétaire de la Chambre de Commerce de Roubaix et de Tourcoing, le conflit (sauf le cas où la commission d'arbitrage des dites Chambres de Commerce aura décidé de ne pas s'en saisir) sera l'objet d'un arbitrage et sera réglé par des arbitres nommés par la Commission d'Arbitrage, de la manière, dans les termes et les conditions ci-après désignées.

Article Ia.—Dès que les arbitres auront été désignés par la Commission d'Arbitrage en application de l'article 1 du présent règlement, les parties

Agreement, the interested parties shall be immediately advised by registered letter. If either of the parties has the intention of making objections to any of the arbitrators, notification of these objections must be produced to the Secretary within seven days; this notification will state generally the grounds of objection. On receipt of the said notification, the Arbitration Committee will examine the matter. The members of the Committee will be the sole judges of the acceptability of the reservations, and they shall decide as to whether the Arbitration proceedings shall be continued, in spite of the objections lodged, or they will appoint new Arbitrators.

Article II.—The Arbitration Committee will consist of twelve members, viz. :—

The two presidents of the Roubaix and Tourcoing Chambers of Commerce, the two vice-presidents of the Roubaix and Tourcoing Chambers of Commerce, the two treasurers of the Roubaix and Tourcoing Chambers of Commerce, the two secretaries of the Roubaix and Tourcoing Chambers of Commerce, and two representatives each of the Roubaix and Tourcoing Chambers of Commerce who shall be nominated by their

intéressées seront immédiatement avisées par lettre recommandée. Si l'une ou l'autre des parties a l'intention de faire ses réserves concernant l'un quelconque des arbitres, notification de ces réserves devra être produite dans les 7 jours au secrétaire; elle portera les motifs généraux des réserves. Au reçu de ladite notification, la Commission d'Arbitrage en fera l'examen. Les membres de la Commission seront seuls juges de la recevabilité des réserves et ils décideront si la procédure d'arbitrage sera poursuivie malgré les réserves formulées où ils désigneront de nouveaux arbitres.

Article II.—La Commission d'arbitrage se composera de douze membres. Seront Membres de droit :

les 2 Présidents des Chambres de Commerce Roubaix & Tourcoing, les 2 vice-présidents des Chambres de Commerce de Roubaix & de Tourcoing, les 2 Trésoriers des Chambres de Commerce de Roubaix & de Tourcoing, les 2 Secrétaires des Chambres de Commerce de Roubaix & de Tourcoing.

En plus de ces huit membres de droit, chacune des deux Chambres de Commerce de Roubaix & de Tourcoing nommera au 1<sup>er</sup> Janvier

respective bodies annually on the 1st January.

de chaque année, et ce pour un an, deux membres à son choix.

The Chairman of the Arbitration Committee shall be the President of the Chamber of Commerce of Roubaix in the first year, the President of the Chamber of Commerce of Tourcoing in the second year, and thus afterwards alternately, year by year.

La présidence de la Commission d'Arbitrage sera assurée la première année par le Président de la Chambre de Commerce de Roubaix, la seconde par le Président de la Chambre de Commerce de Tourcoing et ainsi de suite alternativement année par année.

All decisions of the Arbitration Committee duly convoked, must, in order to be valid, be made with at least three members present.

Toute décision de la Commission d'Arbitrage dûment convoquée doit, pour être valable, être prise par au moins trois membres présents.

In case of even votes, the Chairman has a casting vote.

En cas de partage des voix, la voix du Président est prépondérante.

Article III.—(a) The Arbitration Committee will appoint two arbitrators. In case the Arbitrators cannot agree they will appoint an umpire and in default of an agreement on this point between the two arbitrators the appointment of the Umpire shall be made by the competent Arbitration Committee in accordance with Article 5 of the Franco-Anglais Arbitration Agreement.

Article III.—(a) La Commission d'Arbitrage désignera deux arbitres. Au cas où ces deux arbitres ne pourraient arriver à s'entendre ils désigneront un tiers arbitre, et à défaut d'accord sur ce point entre les deux arbitres la désignation du tiers arbitre sera faite par la Commission d'Arbitrage compétente suivant l'article 5 de l'accord franco-anglais d'arbitrage.

(b) The decision of the arbitrators or umpire is final and binding (irrevocable) in accordance with Article 6 of the Franco-Anglais Arbitration Agreement.

(b) La décision des arbitres ou du tiers arbitre est définitive et irrévocable suivant l'article 6 de l'accord franco-anglais d'Arbitrage.

Article IV.—If an umpire, or the two arbitrators appointed should die, or not consent to act, or should find themselves not in a position to fulfil their duties, or if within seven days of their appointment by the Secretary, should neglect to act, the Committee shall have the power to appoint in their stead and place a new umpire, or a new arbitrator or new arbitrators.

Article V.—The arbitrators or the umpire shall have full liberty to act in the absence of any party whatever who, after being duly advised, should neglect or should refuse at any time to reply to a summons to attend.

Article VI.—All notices to attend, or all advices which are to be sent out by the secretary, will be considered as duly sent and as having been duly delivered in the period of a normal post to the person whose address figures on the agreement. The postal registration will be proof thereof.

Article VII.—The arbitrators or the umpire shall be able to take, at the cost of the parties, any advice, whether legal or technical, or otherwise, bearing upon the dispute which they have to settle.

Article IV.—Si un tiers arbitre ou les deux arbitres désignés venaient à mourir, ou n'acceptaient pas de juger, ou se trouvaient dans l'impossibilité de remplir leur emploi, ou si dans les sept jours de leur désignation par le secrétaire négligeaient d'opérer, la Commission aura le pouvoir de nommer en leurs lieu et place un nouveau tiers arbitre, ou un nouvel arbitre, ou de nouveaux arbitres.

Article V.—Les arbitres ou le tiers arbitre auront toute liberté d'opérer en l'absence d'une partie quelconque qui, dûment avisée, négligerait ou refuserait à un moment quelconque de répondre à une convocation.

Article VI.—Toute convocation ou tout avis devant être adressé par le secrétaire sera considéré comme régulièrement adressé et comme ayant été remis dans le délai d'un courrier normal à la personne dont l'adresse figure au compromis. La recommandation à la poste fera foi.

Article VII.—Les arbitres ou le tiers arbitre pourront aux frais des parties prendre tous avis soit légaux, soit techniques, soit autres, se rapportant au différend qu'ils ont à trancher.

Article VIII.—The arbitrators or the umpire shall be at liberty to adopt any procedure or methods and to take any evidence which they shall consider useful for the purpose of arriving at a correct decision.

They should act upon the following instructions:—

(a) The arbitrators or the umpire must carefully read the agreement and make themselves thoroughly acquainted with it, study minutely the dispute they have to decide, the powers and duties conferred upon them, and ascertain any limitations to which they may be subject.

(b) The power of the arbitrators to act is derived from the agreement; they must therefore confine themselves to the dispute set out in the said agreement and observe and follow all the rules therein.

(c) The arbitrators or the umpire must consider themselves as judges, must act with judicious impartiality and be free from all bias.

Article IX.—Whilst submitting to the terms of the Agreement and to the rules and obligations of the said Chambers of Commerce, the following instructions should be applied in case a

Article VIII.—Les arbitres ou le tiers arbitre seront libres d'adopter toute procédure ou méthode et de provoquer tout témoignage qu'ils jugeront utiles pour arriver à une sentence juste.

Ils devront s'inspirer des directives suivantes:

(a) Les arbitres ou le tiers arbitre doivent lire soigneusement le compromis, bien s'en pénétrer, étudier à fond le différend qu'ils ont à arbitrer, les droits et les obligations qui leur reviennent, et se rendre compte de toutes limites de pouvoir dans lesquelles ils devront se cantonner.

(b) Le pouvoir d'action des arbitres dérive du compromis; ils doivent par conséquent se limiter au différend précis dudit compromis et observer et exécuter toutes les règles qui s'y trouvent.

(c) Les arbitres ou le tiers arbitre doivent se considérer comme des juges, agir avec une judicieuse impartialité et être libres de tous préjugés.

Article IX.—Tout en étant soumises aux conditions du compromis et aux règles et obligations des dites Chambres de Commerce les instructions suivantes doivent être appliquées dans les cas où une

hearing of witnesses is necessary.

(a) The arbitrators or the umpire shall appoint a day for the hearing, as far as possible convenient to both parties, who shall be consulted.

(b) At the hearing, the complainant party shall make a short statement of his case and call his witnesses, who may be cross-examined by the other party. The other party then, on his side, makes a short statement of his case, and calls, in his turn, his witnesses, who can also be cross-examined by the other side.

(c) The two parties shall have every facility to explain and establish their claims and no restriction which shall be susceptible of prejudicing the statement of their case shall be placed upon either party.

(d) The arbitrators or the umpire must hear the two parties and the witnesses, always, if possible, in the presence of the opposing party. If one party refuses to be present at the hearing without reasonable excuse, or with the intention of defeating the arbitration, the arbitrators or the umpire may act in that party's

audition de témoins est nécessaire.

(a) Les arbitres ou le tiers arbitre fixent un jour pour l'audience, à la convenance des deux parties autant que possible lesquelles sont consultées.

(b) A l'audience, la partie plaignante fait un court exposé de son cas et appelle ses témoins, lesquels peuvent être interrogés contradictoirement par l'autre partie. L'autre partie fait alors de son côté un court exposé de son cas, et appelle à son tour ses témoins, lesquels peuvent également être interrogés contradictoirement.

(c) Les deux parties doivent avoir toute facilité pour expliquer et établir leurs réclamations et aucune restriction susceptible de porter préjudice à l'exposé de leurs thèses ne doit être faite à l'une ou l'autre partie.

(d) Les arbitres ou le tiers arbitre doivent entendre les deux parties et les témoins, toujours si possible en présence de la partie opposée. Si une partie refusait d'assister à l'audience sans excuse raisonnable, ou avec l'intention de faire échouer l'arbitrage, les arbitres ou le tiers arbitre peuvent opérer en son absence, mais ils doivent l'aviser

absence, but they must first advise him in writing of their intention so to act.

(e) The arbitrators or the umpire may alter any written statement of the parties, or permit them to do so themselves, in such a manner that all points in dispute may be raised before them and dealt with in all fullness.

(f) The arbitrators or the umpire may take notes in writing during the hearing of witnesses, and, when the hearing is finished they may inform the two parties that they consider the case closed and they will proceed to make their award.

(g) The arbitrators or the umpire may obtain legal advice in all questions at issue and on the interpretation of the law.

d'abord par écrit de leur intention d'agir ainsi.

(e) Les arbitres ou le tiers arbitre peuvent modifier tout exposé écrit des parties, ou leur permettre de le faire elles mêmes, de façon à ce que tous les points litigieux puissent être soulevés devant eux et traités dans toute leur ampleur.

(f) Les arbitres ou le tiers arbitre peuvent prendre des notes par écrit pendant les témoignages, et, quand l'audition des témoins est terminée, ils peuvent informer les deux parties qu'ils considèrent le cas terminé et qu'ils se disposent à rendre leur jugement.

(g) Les arbitres ou le tiers arbitre peuvent demander l'avis d'un homme de loi sur tout cas d'espèce et sur une interprétation de la loi.

Article X.—The arbitration proceedings once undertaken shall proceed, even in the case of the death or failure of one of the parties, and the arbitration award will have the same effect as if it had been given during the lifetime or during the period when the party was still solvent. The personal representatives of the said party shall become parties to the proceedings.

Article X.—La procédure d'arbitrage engagée se poursuivra, même en cas de mort ou de faillite de l'une des parties, et le jugement arbitral aura le même effet que s'il avait été prononcé du vivant ou pendant une période ou la partie était encore solvable. Les représentants personnels de cette partie deviendront alors partie dans la procédure.

Article XI.—A small sum—two hundred francs for each of the parties—shall be paid to the secretary of the Arbitration Committee at the same time as the signed agreement of arbitration shall be deposited, signed by both parties.

At the same time as the secretary shall make known to the parties the arbitration award, he will remit to them an account of the extra charges which may have been incurred during the proceedings, and which are determined by the arbitrators who shall designate finally the party who shall pay them.

Article XII.—The award of the arbitrators or of the umpire is final and binding (irrevocable) on the disputants and the persons claiming against them respectively.

No party engaged in the aforesaid proceedings under these rules may commence any judicial action whatever against an arbitrator or an umpire as regards the questions in dispute or arising from the dispute.

Article XIII.—The Secretary of the Arbitration Committee will take charge of all the documents of the case and must produce them before

Article XI.—Une somme minime—deux cents francs : pour chacune des parties—sera versés au secrétaire du Comité d'arbitrage en même temps que sera déposé le compromis d'arbitrage signé par les 2 parties.

En même temps que le Secrétaire fera parvenir aux parties la sentence arbitrale, il leur remettra un décompte des frais supplémentaires qui auront pu être occasionnés, lesquels sont chiffrés par les arbitres qui déterminent irrévocablement la partie qui doit les supporter.

Article XII.—Les jugements des arbitres ou du tiers arbitre sont définitifs et d'exécution obligatoire pour les parties en cause et les personnes se réclamant d'elles respectivement.

Aucune partie engagée dans la procédure prévue dans le présent règlement ne peut intenter une action judiciaire quelconque contre un arbitre ou un tiers arbitre pour les questions en litige ou découlant du litige.

Article XIII.—Le secrétaire de la Commission d'Arbitrage prendra en charge toutes les pièces composant les dossiers, il les produira devant les

the arbitrators, and will register the arbitration judgment in the official records.

arbitres, et inscrira le jugement arbitral dans un registre d'archives ad hoc.

Article XIV.—It is desirable that the aforesaid arbitration proceedings under these rules take place in the Offices of the Chamber of Commerce; this decision, however, is left to the free discretion of the arbitrators or the umpire.

Article XIV.—Il est désirable que les procédures d'arbitrage prévues dans ce règlement se déroulent dans les bureaux de la Chambre de Commerce, toutefois, cette décision est laissée à la libre discrétion des Arbitres ou du tiers arbitre.

## APPENDIX No. 5.

**VEGETABLE FIBRES IN WOOL.**

## NEW WOOL PACK.

*Resolution Adopted by the British Wool Federation.*

That we agree to the principle of payment in respect of wool packed in wool bales.

*Resolution (Ordre du Jour)*  
(Translation.)

Offices of the Syndicates of Wool Merchants, Combers, Spinners, Manufacturers, of Roubaix-Tourcoing.

At a meeting held on the 24th November, 1924, at the Roubaix-Tourcoing Industrial and Commercial Federation, after having taken note of the reports of Messrs. Maurice Dubrulle and Paul Grandvarlet on the London Conference of 14th November, 1924, relative to the packing of raw wool proceeding from the British Colonies, and having heard their complimentary explanations, decide as follows, on the proposition of M. Maurice Dubrulle :—

1. To favourably approve of the use of the new material for packing wool—proposed by the Bradford Chamber of Commerce—so as to avoid the difficulties caused by jute tare.
2. To support the Bradford Chamber of Commerce in obtaining the 5 cwt. bales, as well as the increased packing costs, proposed by the President, Mr. Aykroyd.
3. To strongly urge that the growers of Australia, New Zealand, and the Cape, provide themselves with pressing machinery, either privately or co-operatively, with the object of producing a 5 cwt. bale.
4. To congratulate the Bradford Chamber of Commerce, and particularly its President, on their initiative, and to hope for a prompt and practical solution.

The Companies Acts, 1862 to 1893.

# The Bradford Chamber of Commerce

(INCORPORATED).

*(Incorporated 24th November, 1897).*

## MEMORANDUM OF ASSOCIATION.

1. The name of the Association is "THE BRADFORD CHAMBER OF COMMERCE (INCORPORATED)."

2. The Registered Office of the Association will be situate in England.

3. The objects for which the Association is established are to do all or any of the following things so far as allowed by law:—

- (a) To take over the assets and liabilities of the unincorporated Bradford Chamber of Commerce.
- (b) To promote and protect the trade, commerce, and manufactures of Bradford and district, and the Home, Colonial, and foreign trades of the United Kingdom.
- (c) To initiate, promote, support, or oppose legislative or other measures affecting the aforesaid interests.
- (d) To represent, express, and give effect to the opinions of the Association on commercial questions.
- (e) To collect and disseminate statistical and other information relating to trade, commerce, and manufactures.
- (f) To undertake by arbitration or otherwise the settlement of disputes arising out of commercial transactions.
- (g) Generally to do all such other lawful things as may be conducive to the extension of trade, commerce, or manufactures, or incidental to the attainment of the above objects.

Provided that the Association being instituted solely for commercial objects, and comprising amongst its members persons of all political opinions, all questions of party politics, general or local, shall be excluded from discussion, and no member shall be allowed at any meeting to call in question the conduct of any other member in reference to the exercise of his political privileges. Provided always that it shall not be lawful for the Association to impose on its members or support with its funds any regulation which, or the enforcing of which, if an object of the Association, would make it a Trade Union, nor shall the Association support or amalgamate with any Trade Union.

4. The income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association, as set forth in the Memorandum of Association, and no portion thereof shall be paid or transferred, directly or indirectly, by way of dividend, bonus, or otherwise howsoever, by way of profit to the Members of the Association, provided that nothing herein contained shall prevent the payment in good faith of remuneration to any officers or servants of the Association, or, subject to the provisions hereinafter contained, other person, in return for any services actually rendered to the Association.

5. The fourth paragraph of this memorandum is a condition on which a license is granted by the Board of Trade to the Association, in pursuance of Section 23 of the "Companies Act, 1867." If any member of the Association pays or receives any dividend, bonus, or other profit in contravention of the terms of the fourth paragraph of this memorandum, his liability shall be unlimited. Provided further that no member of the Council of Management or governing body of the Association shall be appointed to any salaried office or any office paid by fees, and that no remuneration shall be given to any member of such Council or governing body except repayment of out-of-pocket expenses and interest on money lent. If any payment shall be made to any member in contravention of the provisions of this section the liability shall be unlimited of any member who shall receive or make such payment after he has been advised in writing that it is unauthorised.

6. Every member of the Association undertakes to contribute to the assets of the Association in the event of the same being wound up during the time he is a member or within one year afterwards, for payment of the debts and liabilities of the Association contracted before the time at which he ceases to be a member, and of the costs, charges, and expenses of winding up the same, and for the adjustment of the rights of the contributories amongst themselves, such amount as may be required not exceeding £1, or in case of his liability becoming unlimited, such other amount as may be required in pursuance of the last preceding paragraph of this Memorandum.

7. If, upon the winding up or dissolution of the Association, there remains after the satisfaction of all its debts and liabilities any property whatsoever, the same shall not be paid to, or distributed among the members of the Association, but if and so far as effect can be given to the next provision shall be given or transferred to some other institution or institutions having objects similar to the objects of the Association, to be determined by the members of the Association at or before the time of dissolution, or in default thereof by such Judge of the High Court of Justice as may have or acquire jurisdiction in the matter, and if and so far as effect cannot be given to such provision, then to some charitable object.

8. True accounts shall be kept of the sums of money received and expended by the Association, and the matter in respect of which such receipt and expenditure takes place, and of the property, credits, and liabilities of the Association; and subject to any reasonable restrictions as to the time and manner of inspecting the same that may be imposed in accordance with the regulations of the Association for the time being, shall be open to the inspection of the members. Once at least in every year the accounts of the Association shall be examined, and the correctness of the balance sheet ascertained by one or more properly qualified Auditor or Auditors.

We, the several persons whose names and addresses are subscribed, are desirous of being formed into an Association in pursuance of this Memorandum of Association.

Bradford Chamber of Commerce.

The Companies Acts, 1862 to 1893.

# The Bradford Chamber of Commerce

(INCORPORATED).

---

## ARTICLES OF ASSOCIATION.

1. For the purpose of registration the number of members of the Chamber is declared not to exceed 500.

2. The Council hereinafter mentioned may, whenever the purposes of the Chamber require it, register an increase of members.

3. These Articles shall be construed with reference to the provisions of the Companies Acts, 1862 to 1893, so far as they are consistent therewith, and terms used in these Articles shall be taken as having the same respective meanings as they have where used in those Acts.

4. The Association is established for the purposes expressed in the Memorandum of Association, and is herein referred to as "the Chamber."

## MEMBERSHIP.

5. The following shall be members of the Chamber :—

(1) All the present members of the unincorporated Bradford Chamber of Commerce who, within twelve calendar months after the registration of the Memorandum of Association, shall signify to the Council or Secretary of the Chamber their consent to be members.

(2) All such persons interested in the various branches of the trade of Bradford and its neighbourhood as shall pay one of the subscriptions hereinafter mentioned, and consent in writing to be members, and shall be admitted as members by the Council.

## SUBSCRIPTIONS AND VOTES.

6. The Annual Subscription for each member shall be not less than One Guinea, to be paid in advance on the 1st day of January in each year.

7. The number of votes to which members shall be entitled shall be as follows :—Subscribers of One Guinea annually, one vote ; Two Guineas annually, two votes ; Three Guineas and upwards annually, three votes ; a Life Member, one vote.

8. In the case of Firm or Company members, all the Partners in the firm, or all the Directors of the Company, may attend the meetings of the Chamber, but only one such Partner or Director shall vote under Rule 7, as representing the Firm or Company member.

9. The authorised agents of members not resident in Bradford may vote in the names of their principals.

10. No member whose subscription is one month or more in arrear shall be entitled to vote.

11. No person, except the persons who sign the Memorandum of Association and members of the unincorporated Bradford Chamber of Commerce, shall be entitled to vote or to exercise any privilege of membership until he shall have been a member of the Chamber for at least three months.

## LIFE MEMBERSHIP.

12. Any individual member may, on payment of the sum of Ten Guineas at one time, become a *Life Member*. A Life Member shall be exempt from any further subscriptions, but shall nevertheless have all the privileges and advantages of an annual subscriber. Firms cannot be Life Members.

## EXECUTIVE.

13. The business of the Chamber shall be managed by a Board of Directors (hereinafter referred to as the Council), to be styled "The Council of the Bradford Chamber of Commerce." The Council shall be composed of elected members and *ex-officio* members as follows:—

- (a) There shall be thirty elected members chosen out of the general body of members of the Chamber as hereinafter provided.
- (b) The *ex-officio* members shall be the Members of Parliament for the Borough of Bradford and the Mayor of Bradford for the time being, or such of them as shall consent to act, and the Chairman of each Trade Section formed in connection with the Chamber. The Council may also elect as *ex-officio* members the President or Chairman for the time being (or a duly appointed representative) of any other mercantile, legal, or industrial association established in the City or District.

14. The following or such of them as shall consent to act shall be members of the Council until the Annual General Meeting in the year 1898:—

*Elective* : Sir Henry Mitchell, Kt., Henry Sutcliffe, G. Hoffmann, W. A. Whitehead, G. S. Beaumont, Harrison Benn, Bernhard Cohen, Amos Crabtree, T. Arthur Duncan, Victor Edelstein, Arthur D. Ellis, Julius Ephraimson, John E. Fawcett, Smith Feather, Herbert A. Foster, J. Arthur Godwin, James Gordon, William B. Gordon, J. C. Horsfall, Frederick Illingworth, Albert H. Illingworth, Duncan G. Law, John Maddocks, W. H. Mitchell, Henry Muff, Arthur Priestman, H. D. Sichel, F. F. Steinthal, David Wade, William Watson.

*Ex-officio* :

*Members of Parliament*—Ernest Flower, M.P., J. Leslie Wanklyn, M.P., Capt. The Hon. R. F. Greville, M.P.  
*The Mayor of Bradford*—(For the time being).

*Chairmen of Trade Sections*—Spinners' Section, J. H. Robinson; Manufacturers' Section, H. D. Sichel; Piece Merchants' Section, Duncan G. Law; Yarn Merchants' Section, F. F. Steinthal; Wool Trade Section, A. S. J. Musgrave.

*Representative :*

Alderman F. W. Jowett, representing the Bradford and District Trades and Labour Council.

15. At each Annual General Meeting after that in 1899 the ten elective members of Council who have been longest in office shall retire. The members who shall retire in 1898 and 1899 shall be as follows:—

1898.—Messrs. G. S. Beaumont, Victor Edelstein, Julius Ephraimson, Herbert A. Foster, William B. Gordon, W. H. Mitchell, Henry Muff, Arthur Priestman, Henry Sutcliffe, and David Wade.

1899.—Messrs. Amos Crabtree, T. Arthur Duncan, Smith Feather, J. Arthur Godwin, G. Hoffmann, J. C. Horsfall, John Madocks, H. D. Sichel, F. F. Steinthal, and A. D. Ellis.

16. The election of members of Council shall be conducted as follows:—

(a) At least fourteen days before the Annual General Meeting a list shall be opened at the Secretary's office for members of the Chamber to nominate gentlemen (being members of the Chamber) for election as members of Council; such list shall be closed at least seven days before the date of such Annual Meeting. No member shall propose more than three candidates, and it shall not be lawful for partners in a firm to nominate each other, or to be nominated simultaneously.

- (b) In the event of the number of persons so nominated exceeding the number of vacancies, then a voting paper, containing a list of the names of the persons nominated, shall be sent by the Secretary to each member of the Chamber, as early as practicable. Such voting paper shall be returned to the Secretary, signed by the voter, before the time fixed for such Annual Meeting. Each member may vote for any ten of the persons so nominated, but shall not give more than one vote to each person voted for.
- (c) The Annual General Meeting shall appoint two members to count the votes, and the ten candidates who shall be found to have received the greatest number of votes shall be declared elected. In case of equality the Chairman of the meeting shall give a casting vote.
- (d) If there are fewer candidates nominated than there are vacancies, or if the number nominated shall equal the number of vacancies, the candidates shall be deemed to be duly elected. The remaining vacancies (if any) shall be filled up by the members present at such Annual Meeting from amongst the members of the Chamber, without any previous nomination.

17. Should an elected member of Council not have attended three Council Meetings during the year, he shall, *ipso facto*, retire, but shall be eligible for re-election. Any vacancy so caused, and also any vacancy caused by the death or resignation of a member of Council, shall be filled up by the Council within three months of the vacancy occurring. The member of Council elected in accordance with this clause to fill a vacancy caused by retirement, death, or resignation, shall hold office for the unexpired portion of the term for which the member of Council so retiring, dying, or resigning, was originally elected. The Council shall have full power to act, notwithstanding that any vacancy shall not have been filled up.

## COUNCIL.

18. The Council shall at its first meeting after the Annual General Meeting in 1898 and each year following elect out of its own body a President, two Vice-Presidents, a Treasurer, and an Auditor for the ensuing year. The following shall fill these offices until the first meeting of Council after the Annual General Meeting in 1898, namely:—President, Henry Sutcliffe; Vice-Presidents, G. Hoffmann, W. A. Whitehead; Treasurer, James Gordon; Auditor, Duncan G. Law.

19. The Council shall meet at least once in every alternate month, and shall be summoned by circular from the Secretary.

20. Special Meetings of the Council may be convened by the President, the two Vice-Presidents, or three members of Council, notice of such meetings, stating the objects thereof, being given at least two days previously by the Secretary.

21. No business of which notice has not been duly given in the circular convening the meeting shall be transacted at any meeting of the Council, except by consent of the President.

22. All meetings of the Council shall be presided over by the President, or one of the Vice-Presidents, or one of the elected members of Council, and the Chairman shall have a second or casting vote. The Council may determine the quorum necessary for the transaction of business. Until otherwise determined, three members of Council shall be a quorum.

23. The Council shall appoint such Committees as it may deem necessary, with power for such Committees to association with them for any special purpose any other person or persons, with full power to act and vote on such Committees. Each Committee shall appoint a Chairman, who may at any time convene a meeting of his Committee, and shall do so on the requisition of three of its members. The Council may from time to time dissolve or re-appoint any such Committee.

24. The Council shall acquire and take over the assets of the existing Bradford Chamber of Commerce and discharge the liabilities of that body, and shall have power to take offices for the use of the Chamber, and to appoint a Secretary, and such other officers as may be found necessary for the due conduct of the business of the Chamber, with annual salaries and other remuneration, to engage professional assistance, and to remunerate all persons employed by them; and, subject to the provisions of these Articles, to appoint their own meetings and regulate their own proceedings, to manage and superintend the affairs of the Chamber, and act in the name of the Chamber, and generally to execute all powers and functions of the Chamber not hereby conferred upon General Meetings of the Chamber.

#### ANNUAL MEETING OF THE CHAMBER.

25. The first General Meeting of the Chamber shall be held within four calendar months of the registration of the Memorandum of Association in accordance with Section 39 of the Companies Act of 1867. An Annual Meeting of the members of the Chamber shall be held in the month of January. Three members personally present shall be a quorum at the Annual Meeting.

26. Notice of the Annual Meeting shall be given by circular to each member.

27. At or previous to each Annual Meeting the Council shall deliver to the members a report of its transactions, and shall produce the Treasurer's audited account of receipts and disbursements for the preceding year.

#### SPECIAL MEETINGS OF THE CHAMBER.

28. Special meetings of the members of the Chamber shall be convened by the Secretary at the request of the President or the Council, or on the requisition of six members of Council or of twenty members of the Chamber; the requisition and the notice shall state the objects for which the meeting is called, and no other business shall be entertained.

29. Two days' notice at least shall be given of all such meetings by a circular addressed to each member. Fifteen members personally present shall be a quorum at a Special Meeting.

30. Questions shall be determined by a majority of the members present and voting (in person or by their authorised agents in accordance with Clause 9) unless a poll of the Chamber be demanded by one-fourth of those present. In the latter case a voting paper shall be sent to each member, and the final decision of the Chamber taken accordingly.

31. No resolution of an Annual Meeting or of a special meeting of the Chamber shall be rescinded except by a special meeting convened for that purpose.

32. Each meeting of the Chamber shall be presided over by the President, or, in his absence, by a Vice-President or one of the members of Council, and in their absence the meeting shall elect a Chairman. The Chairman presiding at any meeting shall have an original and also a casting vote.

#### TRADE SECTIONS.

33. Any number of members of the Chamber who may desire to associate themselves together in a Trade Section, with the view of representing more effectually the interests of any particular trade or branch of trade, may address the Council to that effect, and the Council thereupon may authorise the formation of such Trade Section.

34. A register shall be kept by the Secretary of the Chamber of the names of the members enrolled from time to time in the various Sections.

35. The President and Treasurer of the Chamber shall be *ex-officio* members of every Trade Section.

36. Members of the Chamber desiring to be admitted members of a Trade Section already formed may be enrolled by resolution of that Section on the proposition of two members thereof, subject to confirmation by the Council.

37. Each Trade Section may elect a Committee from amongst its own members, to transact business on behalf of such Trade Section.

38. Each Trade Section shall annually elect a Chairman and may also elect a Deputy-Chairman, and may fill up any vacancy that may arise from time to time in the office of Chairman or Deputy Chairman.

39. The Chairman of each Trade Section shall be *ex-officio* a member of the Council.

40. The Chairman, Deputy-Chairman, or four ordinary members of any Trade Section shall be entitled to call a meeting of the members of that Section on signifying such desire to the Secretary.

41. Every Trade Section shall keep minutes of its proceedings ; such minutes shall be presented for approval or otherwise of the Council at its ordinary meetings.

42. The Chairman or other duly appointed representative of any Trade Section shall be entitled to bring any matter relating to the Trade of that Section under the special attention of the Council in the first instance, and afterwards of the Chamber at a General Meeting, should the Council consider it desirable.

43. If the Chairman or appointed representative of a Trade Section shall intimate in writing to the Secretary of the Chamber, or verbally at a meeting of the Council, his desire that the Council shall postpone coming to a final decision upon a question affecting the interests of his Section, then the Council shall defer further discussion and decision on such question until after the expiration of at least fourteen days from such notice of objection, and during such fourteen days the Section or Sectional Committee shall meet and consider the matter in question with a view to the Chairman or appointed representative subsequently submitting to the Council its opinions upon the points of difference.

44. No resolution of any Section or Sectional Committee shall have force as binding the Chamber until confirmed by the Council or by the Chamber.

45. The Secretary of the Chamber shall act as Secretary of each Trade Section and its Committees, unless the members of any section prefer to appoint an Honorary Secretary from amongst their own members. In the latter case the Secretary of the Chamber shall be an *ex-officio* member of such Section and its Committees.

46. The Council may levy a contribution upon each of the ordinary members of any Trade Section to cover any extra expenses incurred by that Section.

#### BYE-LAWS.

47. The Council shall have power from time to time to make such Bye-Laws as they may judge necessary for carrying on the business of the Chamber, or of any Trade Section, and may alter or revoke such Bye-Laws from time to time. Any Director wishing to propose an addition to, or alteration in, or revocation of any such Bye-Laws, shall give seven days' previous notice thereof, in writing, to the Secretary, who shall give at least two days' notice to the Council of such proposition, and no Bye-Law shall be made, altered, or revoked without such notice. Provided that without a special resolution no Bye-Law shall be made which would amount to such an alteration of or addition to the Articles as could only legally be made by a special resolution.

#### DISCUSSIONS.

48. Any member of the Chamber, on giving two days' notice to the Secretary, may attend any ordinary meeting of the Council, with liberty to speak (but not to vote) on any subject under discussion. Such member may also introduce a subject for discussion, provided that a week's notice thereof has been given to the Secretary, in writing, and that the President approve of the subject being introduced.

## RECORDS.

49. A correct record of the proceedings of the Chamber and of the Council and its Committees and Trade Sections shall be kept in suitable books, which, together with all documents, commercial statistics, and other information, shall be open to the inspection of the members of the Chamber at all convenient times.

## ARBITRATION.

50. The Chamber shall have power to undertake, through its Council or a Committee appointed for the purpose, the settlement of disputes arising out of commercial transactions, by appointment of Arbitrators or otherwise, under such regulations as the Council shall from time to time determine.

## BOARDS OF CONCILIATION.

51. The Council shall be empowered to associate with any other public body or bodies for the purpose of establishing and conducting, under such Rules as may be mutually agreed upon, a Board or Boards of Conciliation and or Arbitration, for the adjustment of labour disputes arising in Bradford and the district within such distance of Bradford as the Council may think fit.

## ACCOUNTS.

52. The Treasurer shall make up his accounts to the 31st December in each year; such accounts shall be audited by the auditor appointed in accordance with these Articles, and printed, and a copy thereof delivered to the members at, or previous to, the Annual Meeting.

## LIST OF MEMBERS.

53. The Secretary shall keep a correct list of the members of the Chamber; such list shall be open to the members' inspection at any convenient time.

54. A notice may be served by the Company upon any member either personally or by sending it by prepaid post addressed to such member at his registered place of business or abode.

55. Any notice if served by post shall be deemed to have been served at the time when the same would be delivered in the ordinary course of the post; and in proving such service it shall be sufficient to prove that the notice was properly addressed and put into the post office.

WITNESS FREDK. HOOPER,

Secretary,

Bradford Chamber of Commerce.

R. 13,081.

LICENCE BY THE BOARD OF TRADE.

*Pursuant to Section 23 of the Companies Act, 1867.*

WHEREAS it has been proved to the Board of Trade that the BRADFORD CHAMBER OF COMMERCE, (Incorporated), which is about to be registered under the Companies Acts, 1862 to 1890, as an Association Limited by Guarantee, is formed for the purpose of promoting objects of the nature contemplated by the 23rd Section of the Companies Act, 1867, and that it is the intention of the said Chamber that the income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association, as set forth in the Memorandum of Association of the said Chamber, and that no portion thereof shall be paid or transferred, directly or indirectly, by way of dividend or bonus or otherwise howsoever by way of profit, to the persons who at any time are or have been members of the said Chamber, or to any of them, or to any person claiming through any of them.

NOW THEREFORE, the Board of Trade, in pursuance of the powers in them vested, and in consideration of the provisions and subject to the conditions contained in the Memorandum of Association of the said Chamber, as subscribed by seven members thereof on the 16th day of November, 1897, do by this their licence direct the Bradford Chamber of Commerce (Incorporated) to be registered with limited liability without the addition of the word "Limited" to its name.

Signed by order of the Board of Trade this 22nd day of November,  
1897.

FRANCIS J. S. HOPWOOD,

*An Assistant Secretary to the Board of Trade.*

No. 54,940.

# CERTIFICATE OF INCORPORATION

OF THE

BRADFORD CHAMBER OF COMMERCE (INCORPORATED).

I HEREBY CERTIFY that the BRADFORD CHAMBER OF COMMERCE (Incorporated) (the word " Limited " being omitted by Licence of Board of Trade) is this day incorporated under the Companies Acts, 1862 to 1893, and that the Company is limited.

Given under my hand at London this Twenty-fourth day of November, One Thousand Eight Hundred and Ninety-seven.

ERNEST CLEAVE,

*Assistant Registrar of Joint Stock Companies.*

SPECIAL RESOLUTION

*(Pursuant to the Companies Act, 1862, Section 51)*

OF

THE BRADFORD CHAMBER OF COMMERCE

*Passed 18th January, 1905 ; Confirmed 15th February, 1905.*

At a General Meeting of the Members of the above-named Company, duly convened, and held at the Offices of the Company in the Exchange, Bradford, in the County of York, on the Eighteenth day of January, 1905, the following Special Resolution was duly passed ;

and at a subsequent General Meeting of the Members of the said Company, also duly convened and held at the same place on the Fifteenth day of February, 1905, the said Special Resolution was duly confirmed:—

That the word “month” in No. 10 of the Chamber’s Articles of Association be altered to “year,” so that the Article shall read: “No Member whose subscription is one year or more in arrear shall be entitled to vote.”

SPECIAL RESOLUTION

*(Pursuant to the Companies Act, 1862, Section 51)*

OF

THE BRADFORD CHAMBER OF COMMERCE

(INCORPORATED).

*Passed 13th December, 1906; Confirmed 2nd January, 1907.*

At a General Meeting of the Members of the above-named Company, duly convened, and held at the Offices of the Company in the Exchange, Bradford, in the County of York, on the Thirteenth day of December, 1906, the following Special Resolution was duly passed;

and at a subsequent General Meeting of the Members of the said Company, also duly convened and held at the same place on the Second day of January, 1907, the said Special Resolution was duly confirmed :—

That the following Article be substituted for Article No. 13 of the Chamber's Articles of Association :—

13. The business of the Chamber shall be managed by a Board of Directors (hereinafter referred to as the Council), to be styled "The Council of the Bradford Chamber of Commerce." The Council shall be composed of Elected Members, Ex-officio Members, and Past Presidents, as follows :—

- (a) There shall be thirty Elected Members chosen out of the general body of Members of the Chamber as hereinafter provided.
- (b) The Ex-officio Members shall be the Members of Parliament for the Borough of Bradford and the Shipley Division of the West Riding of Yorkshire, the Mayor of Bradford for the time being, and the Chairman of each Trade Section formed in connection with the Chamber. The Council may also elect as Ex-officio Members the President or Chairman for the time being (or a duly appointed representative) of any other mercantile, legal, or industrial association established in the City or District.
- (c) All Past Presidents of the Chamber, so long as they or their firms or companies continue to subscribe to the Chamber, shall be Members of the Council.

FREDK. HOOPER,

*Secretary.*

COMPANY LIMITED BY GUARANTEE.

THE BRADFORD CHAMBER OF COMMERCE (INCORPORATED).

# SPECIAL RESOLUTION

*Passed 30th September, 1913 ; Confirmed 28th October, 1913.*

At an EXTRAORDINARY GENERAL MEETING of the Bradford Chamber of Commerce (Incorporated) duly convened and held at the Offices of the Company on the 30th day of September, 1913, the subjoined Resolution was duly passed, and at a subsequent Extraordinary General Meeting of the said Company, also duly convened and held at the same place on the 28th day of October, 1913, the subjoined Special Resolution was duly confirmed:—

That the Articles of Association be altered in manner following, namely:—

(a) Clause 13 (as adopted by Special Resolution passed on 13th December, 1906, and confirmed on 2nd January, 1907) shall be amended in manner following, namely:—

- (1) By striking out the words in the first paragraph thereof—  
“The Council shall be composed of Elected Members, Ex-officio Members, and Past Presidents,” and substituting therefor the words:—

The Council shall be composed of Elected Members,  
Ex-officio Members, Past Presidents, and Co-opted  
Members, and

(2) By adding thereto the following paragraph :—

(a) The Council may at any time elect Co-opted Members in manner hereinafter provided, but the number of such Co-opted Members shall at no time exceed six in all.

(b) Clause 16 shall be amended by inserting the word “elected” before the word “members” in the first line of the said Clause.

(c) The following Clause shall be added, namely :—

(16A) Co-opted Members shall be elected by the Council in manner following, namely :—

No Co-opted Member shall be so elected unless, at least seven days before the meeting at which he shall be proposed for election, he shall (by notice in writing delivered to the Secretary) have been nominated by at least two members of the Council, and unless the intention to propose him shall have been notified in the notice summoning the meeting. After such nomination and notification Co-opted Members may be elected by resolution of the Council, passed by a majority of not less than three-fourths of the Members of the Council present at a meeting duly summoned in accordance with these Articles, provided that not less than one-half of the Elected Members of the Council are present at such meeting. Each Co-opted Member shall hold office for such period, not exceeding three years, as shall be specified in the resolution by which he shall be elected.

(d) Clause 17 shall be amended by striking out the words “a Member” in the fourth line thereof, and substituting therefor the words “an Elected Member.”

(e) Clause 22 shall be amended by striking out the words "or one of the Vice-Presidents, or one of the Elected Members of Council," and substituting therefor the words "or in his absence by the Senior Vice-President present, or, if no Vice-President is present, then by the Senior Past President present, and, in the absence of all the foregoing, the meeting shall elect some other Member of Council to be Chairman."

(f) Clause 32 shall be amended by striking out the words "a Vice-President or one of the Members of Council, and in their absence the meeting shall elect a Chairman," and substituting therefor the words "or in his absence by the Senior Vice-President present, or, if no Vice-President is present, then by the Senior Past President present, and, in the absence of all the foregoing, the meeting shall elect some other Member of Council to be Chairman."

P. ANDERSON,

*Secretary.*
